New Uniforms for Police

MEMBERS OF MARION'S POLICE force donned new summer uniforms for the first time Wednesday. The new lightweight uniform is modeled here by Patrolman Floyd M. Wilson (left) while Patrolman Paris Romine wears the old-style uniform for comparison. No tie is worn with the summer outfit, which features a light gray shirt and dark blue pants. A tie is regulation equipment with the dark blue winter uniform. Specially tailored, the new uniforms were ordered this spring for the 33-man department.

Negotiators Meet, Recess Steel Parleys

Big 3 to Study USW Proposal; Talks Set For Next Wednesday

PITTSBURGH (AP)—Steel contract negotiators for the nation's three biggest producers and the United Steelworkers met for three hours today and then recessed until next Wednesday in New York.

A terse release by the union and the companies said the companies "will spend the next several days in further studying the union's proposals."

Switch in Plans

This was a sudden change in plans from those announced last Tuesday. The union and the companies said they would meet in Pittsburgh today and Friday before shifting to New York.

For the first time, the three companies — U.S. Steel Corp., Bethlehem Steel Co. and Republic Steel Co. — joined at the bargaining table. But they emphasized they were acting separately.

After David J. McDonald, president of the USW, had announced the new procedure in negotiations earlier this week, Vice President John A. Stephens of U.S. Steel told the same news conference the move is not to be construed as industrywide bargaining.

Seek Early Settlement

"It is a joint effort to reach an early settlement," he said.

The three companies employ about 350,000 of the 650,000 USW members in the basic steel industry whose contracts expire at midnight June 30.

Representatives of the "Big Three" and the USW will meet here again Friday. The sessions then are expected to recess until June 6 when they resume at New York.

Although McDonald has made no secret of his ambitions to get the steel industry to bargain on an industrywide basis, he said each of the three major steel companies "will be bargaining only for itself."

Meanwhile, negotiations with other companies are expected to be on a standby basis — to see what happens between the USW and the Big Three.

Included in 22 union proposals are requests for a "substantial" wage increase, a 52-week program of layoff benefits, premium pay for weekend work, and an insurance program paid for entirely by the companies. The steelworkers average hourly pay now is $2.46.

Charges Armistice Violated

UNC Withdrawing Korea Truce Supervision Group

North Korea Air Buildup Major Issue

U.S. Accuses Czech And Polish Members Of Cover-Up for Reds

PANMUNJOM, Korea (AP) — The U.N. Command said today it is calling off all operations of the Neutral Nations Supervisory Commission in South Korea and pulling team members back into the neutral zone.

The action as announced in a blistering statement accusing the North Korean Communists of armistice violations and the Czech and Polish members of the commission of covering up illegal Red activities.

U.S. Maj. Gen. R. G. Gard charged the Communists had used the commission "as a blind" behind which to illegally move jet fighters and other war materiel into North Korea.

No Longer Privileged

"You are no longer privileged to take advantage of those provisions of the armistice agreement which have been violated and frustrated by your conduct and that of the Czech and Polish members of the commission," Gard declared.

His statement was made at a meeting of the Joint Military Armistice Commission. The North Korean Communists denied Gard's accusations.

Gard, senior U.N. delegate to the armistice commission, said the Communists had never at any time since the armistice reported bringing combat aircraft into North Korea.

Up to 500 Flown In

"This is particularly conspicuous," he asserted, "since your side now maintains in North Korea between 400 and 500 such aircraft . . . whereas you had none in that area at the time the armistice was signed."

Gard charged Czech and Polish officers with "fundamental perversion" of the commission, and said the U.N. Command was "entitled to take steps necessary to protect itself from the consequences of such unwarranted conduct."

North Korean Col. Lo In Hi, in denying Gard's charges, said:

"Your side has unmasked its attempt to wreck the armistice agreement you will be held responsible for all the consequences arising from this unilateral action."

Set Up in 1953

The supervisory commission was set up by the armistice which ended the Korean fighting in 1953. There are four members of the commission — Sweden and Switzerland and the Soviet bloc nations Poland and Czechoslovakia.

The United States early this month told its Korean war allies steps should be taken soon to abolish the commission. Both the United States and South Korea have long charged that the Communist North Koreans have prevented the truce team from working effectively to check armistice violations.

Gard said the suspension of commission operations in South Korea would remain in effect until the Reds stopped illegal introduction of war material and "corrected" reports purporting to show there had been no armistice violations. He added that the U.N. Command would continue to "adhere scrupulously" to all other provisions of the armistice agreement.

8,000 See Marion's Memorial Parade

CLIMAXING THE ANNUAL Memorial Day services at the Marion Cemetery was the traditional firing of three volleys as a salute to the dead of all wars. Members of Marion's Co. C, Ohio National Guard, are pictured here paying their respects to fallen comrades in arms. The cemetery service, which featured Col. J. Arthur Hamilton, commanding officer of the Marion Engineer Depot, as speaker, followed a parade of 600 persons which was watched by a crowd estimated at 8,000.

Weather Ideal

Veteran Observers Say Event Best One in Years

Ideal weather and a large turnout of marching units and spectators combined to make Marion's Memorial Day parade what veteran observers called the "best in years" Wednesday.

The crowd was estimated by police officials at 8,000 and another 600 persons marched in the parade, which originated along W. Center St. and moved south on Main St. to Marion Cemetery, where traditional memorial services honoring the war dead were held.

—:—

FEATURED SPEAKER at the service was Col. J. Arthur Hamilton, commanding officer of the Marion Engineer Depot.

Marching in the parade were veterans units, the local National Guard company, Boy and Girl Scout groups, a delegation of Baseball for Boys youths, majorettes, Harding High School, Eagles and Cavalier Drum and Bugle Corps bands, a mounted group composed of local saddle club members, representatives of the Red Cross, members of the Marion Police Department, State Highway Patrol and sheriff's office and auxiliary units.

—:—

THE TIME element of the entire program was thought to be one of the biggest reasons for the success of the day's activities, since the parade and service combined consumed slightly less than an hour and a half.

In addition, the changes in this year's cemetery observance were considered well received by those present and instrumental in making it one of the best attended programs.

The addition of a soloist, Garnet Moore, who sang "God Bless America" was an added feature, together with the participation of Marion's four recruiting representatives who took part in the wreath dedication services.

Many persons expressed satisfaction with the performance of the four bands and with the massed presentation of colors preceding the services.

Col. Hamilton's talk concerned not only the significance of the day, but the potential position of Marion in the future should this country be plunged into another armed conflict. He recalled that two years ago he was in Korea and that the city of Seoul, population 250,000, was then helping

Holiday Trip Flares in Riot Of Teen-Agers

Race Trouble Occurs On Amusement Park Vessel; 16 Are Hurt

BUFFALO, N.Y. (AP)—A holiday outing ended in a voyage of terror for passengers aboard a Lake Erie amusement park vessel Wednesday night as teen-agers rioted aboard the ship.

Reporters aboard the crowded Canadiana for the 15-mile trip from Crystal Beach amusement park in Ontario to this city described it as "a nightmare of flashing knives and sobbing, frightened" passengers.

Rioting aboard the Canadiana flared up after a day of disorders by white and Negro youths at the amusement park.

Cpl. J. E. Legate of the Ontario provincial police at Crystal Beach was quoted by the Buffalo Courier-Express as saying the disorders were "strictly racial."

But F. L. Hall, general manager of the amusement park, said the disturbance there was "not a race riot."

Six persons were treated for injuries at hospitals in Buffalo and Fort Erie, Ont., and at least 10 others were treated for minor injuries at a first aid station at the park.

Provincial police arrested nine

Addresses Citizens for Eisenhower

Ike Warns Backers: No Room for Complacency

WASHINGTON (AP) — President Eisenhower today cautioned his political supporters against complacency in this year's campaign. He urged them to work hard for continuance of what he called his administration's "great middle of the road philosophy of government."

In an informal address at a Citizens for Eisenhower national campaign conference, Eisenhower also called for election of a Republican Congress this fall to supplant present Democratic control.

Rally Independents

The Citizens for Eisenhower Committee was created in 1952 to rally independent voters and dissatisfied Democrats to the Eisenhower banner.

Eisenhower alluded to his heart attack last September at one point and then touched off a laugh in saying that the only way he has now of knowing he was ill "is that the doctors keep reminding me."

The President added that he is now ready to "go forward" into the campaign and to work cheerfully and energetically for victory in November.

The goal, he declared, is "clean government, good government, progressive government and government that knows its place and doesn't interfere with me as I go about my duties."

The last part of that remark brought a laugh. The President did not elaborate on it.

Describes Goals

Turning then to the aspirations of his administration, Eisenhower declared:

"The goals we set have not been reached but progress has been made" toward maintaining a stable economy and making certain that America is strong "in the councils of the world," he added:

"The prestige of the United States has never been as high since the last world war as it is today."

Calling on the committee to work hard to bring about a Republican victory in November, Eisenhower spoke of his administration as a developer of a "great middle of the road philosophy of government."

"If we never lose sight of the goal, that is progress and we are carrying the torch," Eisenhower said. "We are not carrying ashes."

Rep. Bolton (R-Ohio) accused Democrats in Congress of showing "partisanship like nothing that I have seen" during her 16 years in the House.

She urged Republican women in particular to "go out with your tongues clacking" to elect a GOP Congress in November because, she said, the Democrats in the past few years "didn't want a single thing done" that would reflect credit on the Republican administration.

Chou Turned Down

LONDON (AP) —Britain disclosed today 16 United Nations countries have turned down a new Red Chinese proposal for a conference to unite Korea and withdraw foreign troops.

A note sent by Britain to Peiping on behalf of the 16 said the Communist governments of Red China and North Korea have provided no evidence of the good faith needed for a conference "to serve a useful purpose."

Playwright Silent On Plans To Wed Marilyn Monroe

RENO, Nev. (AP) — Playwright Arthur Miller has declined to comment on whether he plans to marry screen star Marilyn Monroe now that he has completed the six-week residence requirement for a Nevada divorce.

Columnists have predicted the marriage before the blonde actress goes to Europe this summer to make a film with Sir Laurence Olivier.

Asked Wednesday whether he plans to marry Miss Monroe, the author of "Death of a Salesman" and "The Crucible" said he was unwilling to comment until after he obtains a divorce.

Kefauver Puts In Bid To Get California Vote

Democratic Hopefuls Resume Struggle for Nomination by Party

By The Associated Press

Sen. Estes Kefauver, fighting to regain ground lost in his Florida primary defeat, campaigned at full throttle today in an effort to whip Adlai Stevenson in California's climactic Democratic presidential primary.

Stevenson obviously was buoyed by his Florida victory over Kefauver—narrow as it was—as he too pushed a drive for votes in the California primary next Tuesday.

The rival candidates quickly resumed their in-fighting. Kefauver blamed his Florida defeat on support given to Stevenson by what he called "Talmadge-type" politicians. Stevenson retorted that Kefauver was a "sore loser" and accused his opponent of "mud slinging."

Winner-Take-All Setup

The California primary is a winner-take-all proposition, with 68 convention votes the jackpot prize. It also is the last direct Kefauver-Stevenson test before the Democratic nominating convention in August.

While Stevenson and Kefauver continued to knock heads in California, President Eisenhower arranged to give a pep talk to the national Citizens for Eisenhower Committee. This group, meeting in Washington, also was expected to hear from Vice President Nixon — the other half of the all-but-certain Republican ticket this year.

Kefauver, ranging the San Diego area Wednesday, flung at Stevenson the old age pension and "bossism" issues he used in Florida, where Stevenson won a slim popular vote majority, but pocketed 22 of the state's 28 national convention votes.

Vote Is Close

With only 23 of Florida's 1,778 precincts unreported, Stevenson had 221,718 votes to 209,447 for Kefauver — an edge of slightly more than 12,000.

Kefauver said his record reflected unflagging solicitude for the elderly. And he repeated his Florida accusation that Stevenson, while governor of Illinois, vetoed a bill that would have raised old age pensions. Stevenson has called

Union County Man Seriously Hurt in Crash

DELAWARE—Ivan L. Chandler, 21, of near Richwood was critically injured in an auto crash at 10:03 p.m. Wednesday on State Route 37, less than a mile west of State Route 4.

Highway patrolmen from the Delaware post who investigated the mishap said the crash occurred during a chase between a new 1956 model coupe driven by Chandler and a patrol car.

The investigating patrolmen said he was driving south of Route 4 when he saw Chandler traveling north at a high rate of speed. The patrolman turned his car and gave chase.

The speeding car turned west on Route 37 and, when Chandler attempted to turn west on a county road, he lost control, the patrolman said.

Extra Police Guard Against Plot

British Take No Risks As Queen Troops Colors

LONDON (AP) — Security men with telltale pistol bulges in their raincoats mingled with cheering London crowds today as Queen Elizabeth rode on horseback through sun-drenched streets to review her troops.

Hundreds of extra police were drafted into the city from outlying provinces and plainclothes detectives moved up and down the procession route on the watchout for three Cypriot gunmen reported to have slipped into England with assassination orders. In Britain policemen usually go unarmed.

Threatening Letter

Shortly before the Queen left Buckingham Palace for the traditional ceremony of "trooping the color" — part of her "official" birthday observance — policemen were told that a letter had been received at Scotland Yard threatening to interfere with the parade.

Actually the Queen celebrated her 30th birthday last month. But official outdoor ceremonies are held later when there are better chances of good weather.

A brilliant sun beat down on horse guards parade, just along the tree-lined mall from Buckingham Palace as the Queen, riding side - saddle on a police horse named Winston, arrived at the head of glittering cavalcade, her husband, the Duke of Edinburg, just behind her.

Prince and Princess Watch

Seven-year-old Prince Charles and his flaxen-haired sister Princess Anne watched excitedly from a window high above, accompanied by Princess Margaret and the queen mother. Seventeen hundred guardsmen in thick red tunics sweltered for 90 minutes in the brilliant sunshine as they paraded their regimental colors before the Queen.

Neither Scotland Yard nor Buckingham Palace would comment on the extra security arrangements. But the Laborite Daily Herald asked in an editorial: "is the queen in peril?"

The Herald was commenting on reports — now widely accepted in London and never refuted by official quarters — that the Cypriot gunmen are pledged to avenge the execution of two of their comrades hanged by the British for terrorist activity in the Mediterranean island colony.

These reports say the gunmen are especially after the Greek-born Duke of Edingburgh, whom they regard as a traitor in their fight for union-with-Greece

Cyprus Fears New Violence

NICOSIA, Cyprus (AP) — A landmine exploded today at the new British military base being built on the south coast of Cyprus. A timekeeper was wounded.

British troops searched the base and found eight unexploded mines in a building under construction.

Cypriot workers at the base—being built at Episcopi to replace the Suez Canal station—immediately went on strike apparently fearing further blasts.

Meanwhile, Cyprus braced itself for further violence. Five people died Wednesday as a result of the bitter struggle for union with Greece.

Wednesday's violence started when British troops shot dead a Greek Cypriot in Paphos who failed to halt when challenged. Two British soldiers died later when a bomb was tossed into the back of a truck packed with troops at Famagusta. Eighteen soldiers were injured.

A Greek Cypriot, shot April 7 after being branded as a traitor by the pro-Greek underground organization EOKA, died of his wounds

The fifth death was that of another Greek injured in an attack by Turkish Cypriots Tuesday.

Toll Slightly Below Estimate

101 Are Killed in Traffic Accidents Across Nation

By The Associated Press

Traffic accidents across the nation Memorial Day took a toll of 101 lives, about 10 per cent fewer than the 110 predicted by the National Safety Council.

Twelve states and the District of Columbia observed the holiday without a single traffic fatality.

Ned H. Dearborn, safety council president, hailed the traffic picture as "encouraging" and called for greater effort to hold down the forthcoming July 4th holiday toll.

The holiday traffic toll this year occurred over a 30-hour period from 6 p.m. (local time) Tuesday to midnight Wednesday.

Other Deaths Boost Total

In other violent deaths, 29 persons drowned and another 30 lost their lives in miscellaneous accidents. The total of deaths from traffic, drownings and miscellaneous violence — 160 — compared with 111 reported in an Associated Press survey on May 16, a non-holiday Wednesday.

On that day, 70 traffic fatalities, 8 drownings and 33 deaths from miscellaneous mishaps were reported.

The record traffic death rate for any one-day holiday was set on Christmas 1946, when 253 persons were killed on the highways.

In Chicago, Ned H. Dearborn, council president, reporting an all-time high traffic death toll for both April and the first four months of 1956, said "there is still time" to halt the trend toward a new record number of fatalities on the highway.

New High Seen for Year

At the current pace, Dearborn said, this year's traffic death toll could reach 42,000, bettering the record high of 39,960 set in 1941. He urged "resolute and prompt action" by public officials, local groups and individuals to curb the increasing death rate.

Motor mishaps up to May 1 to-

Visit Yugoslavia

BELGRADE, Yugoslavia (AP) —A Soviet navy flotilla arrived at Split today for a five-day goodwill visit coinciding with President Tito's trip to Moscow.

The three-ship group is the first Soviet naval force ever to enter Yugoslav waters. President Tito left Belgrade by special train Wednesday night for Moscow to discuss Soviet - Yugoslav relations with Russian leaders.

Pope Undergoes Medical Checkup

VATICAN CITY (AP) —Pope Pius XII, described in good condition although a little overtired after a physical examination Wednesday night, came to the window of his study today to bless pilgrims in St. Peter's Square.

The blessing was given with a firm delivery, indicating quick recovery from the slight weakening of his voice reported Wednesday.

The Pope Wednesday night underwent a general medical and cardiograph examination. Doctors said he showed no sign of throat infection or other physical disturbance.

Ohioan Would Free GIs Abroad

New Blast by Bow Hits Status of Forces Pacts

WASHINGTON (AP) — Rep. Bow (R-Ohio) plans to take the House floor today with a speech to back up his announced intention of trying to amend the foreign aid bill to free American servicemen overseas from foreign judicial control.

The bill will come to the House floor for debate June 6-7.

Bow's amendment was shelved last year, but only after it received tentative House approval by a 3-1 margin earlier. In reviving it, Bow posed a fresh hurdle for President Eisenhower's foreign aid program.

The House Foreign Affairs Committee recently rejected Bow's amendment on a split decision in a closed session. The committee, with administration support, said the amendment has no place in the foreign aid program. It might lead to the loss of strategic U.S. bases abroad, committee members said.

But Bow declared Wednesday: "I think the committee has gone completely wrong. I don't mean it as an attack on the mutual security program as such or on military operations."

But American servicemen overseas have been dealt "injustices" by foreign courts, the Ohio congressman declared. He added: "I have the feeling all over the country they want this changed."

Host countries have criminal jurisdiction over foreign troops on their soil when servicemen are off base and off duty under the present "status-of-forces" agreements the United States has negotiated with many nations.

Marietta College Given Pictures of Steamers on Ohio

MARIETTA, Ohio (AP)—More than 1,000 photographic plates of Ohio and Muskingum River steamboats taken over the last half-century have been presented to the Marietta College library.

The gift, termed by Librarian George J. Blazier as "an invaluable addition to our files," was made by Mrs. Harry P. Fischer as a memorial to her husband who operated a studio here.

Fischer, a graduate of Marietta Academy in 1896, opened the studio in 1901 and had a hobby of photographing all local events. Blazier said the pictorial history of the city and the river steamers is "one of the most complete and rare collections in the world."

Actress Seeks Divorce

JUAREZ, Mexico (AP)—Rhonda Fleming, the red-haired movie star, asked for a divorce today from Dr. Lewis V. Morrill, Beverly Hills physician.

She charged incompatability. They were married at Kenab, Utah, in 1952. It was the second marriage for the actress.

New Try Is Made At Telling Sex of Unborn Children

LONDON (AP) — Medical researcher A. B. Maxwell came up today with a new wrinkle for predicting the sex of unborn children: The weaker sex — husband or wife as the case may be —usually reproduces its own.

Writing in the doctors' journal "Medical Press" of Cambridge University, Maxwell said he reached his conclusion from a study of 60 pairs of parents with three or more children each. He said his research showed:

One group of exceptionally strong and healthy men, each married to a delicate wife, produced 75 daughters and 6 sons.

A second group of strong, robust women, each with a delicate husband, had 84 sons and 10 daughters.

A third group, in which both parents were strong and healthy, had a total of 70 sons and 66 daughters.

Peggy Hopkins Joyce Discloses 6th Marriage

NEW YORK (AP)—Peggy Hopkins Joyce, a Broadway glamor girl in the 1920s, has disclosed she married her sixth husband three years ago.

Before sailing Wednesday aboard the liner Queen Elizabeth, Miss Joyce appeared before newsmen with her husband, banker Andrew C. Meyer of New York and Woodbury, Conn.

Miss Joyce, generally believed to be well along in her 60s, said she and Meyer were married in Lucerne, Switzerland, in 1953.

FARM GROUP TO MEET

The Marion County Farmers Union will meet Saturday at 8:30 p.m. in the YMCA. Ellwood Parrott, county extension agent, will be the guest speaker and refreshments will be served.

In 140 years, the American Bible Society has distributed nearly half a billion volumes of scripture.

JUNE 2 BIG DAY. Sweden's Princess Desiree tries on her "school hat" for June 2 graduation in Stockholm. Commencement day also is her 18th birthday.

Stolen Suit 'Hot'

DALLAS (AP)—Note to the thief who stole a size 43 suit from the Main Street Cleaners:

That charcoal-colored suit may get uncomfortably hot for wear on Dallas streets and not just because it is flannel.

The suit belongs to M. W. Stevenson, chief of detectives of the Dallas Police Department.

Holiday Argument With Wife Is Fatal To Police Officer

SAN FRANCISCO (AP)—A Memorial Day argument with his wife ended in death for an off-duty San Francisco policeman.

Lt. Al Nelder said Patrolman Roland Holm, 32, handed his revolver to his wife and told her to shoot herself.

When she didn't, Holm said:

"All right, shoot me, then. You're a coward."

Nelder quoted Holm's 34-year-old wife:

"When he gave me the gun, I just grabbed it and it went off. I don't know what happened. It went off so fast I thought he was just faking. I didn't want to hurt him. I love him. He's my husband. He put the gun in my hand . . ."

Mrs. Holm's sister, Mrs. Vivian Mohr, said Holm and his wife had been argung about a vacation.

Mrs. Holm was booked on a suspicion of murder.

For your fullest spring-summer skirts . . . these bouncy bouffant petticoats. Tiers and ruffles that will always give your dresses the right fullness. In nylons, nets, taffetas . . . a big collection . . . all easy to launder. White and some pastels.

Jurors Unable To Get Verdict In Bank Case

New Trial Scheduled For Kentucky Couple Overdrawn $235,000

OWENSBORO, Ky. (AP)—A man and his wife accused of overdrawing their bank account by $235,000 face a second trial in federal court.

The jury was unable to agree Wednesday on a verdict in the case of Mr. and Mrs. Paul J. D. Logsdon. Another trial was set for Sept. 13.

Logsdon is charged with 35 counts of misapplying funds of the defunct bank of Whitesville. His wife is charged with 18 counts.

The couple denied from the witness stand that they knew former bank cashier Bernard Barrett honored checks when they lacked funds to cover them

Barrett, who indulged certain customers who wrote checks against insufficient funds, is serving a prison term for letting a $520,000 shortage accumulate.

He testified that both Mr. and Mrs. Logsdon knew he was holding checks for them. He said he called them "time after time" about overdrafts.

The Logsdons are free under $10,000 bonds.

Milk Tank Truck Overturns on Pike

DANVERS, Mass. (AP) — There was plenty of spilled milk to cry over on the Newburyport turnpike —3,500 gallons to be exact.

Truck driver Jesse Bolles, 48, veered his tank truck to avoid a car and the truck, Boston-bound with 3,500 gallons of Maine milk, jackknifed and overturned.

Bolles and his son, Paul, 12, escaped with bruises but holiday traffic on the busy turnpike was held up nearly four hours while firefighters washed the milk from the highway.

TAX DODGER

NORDHEIM, Germany (INS)—One hard-working farmer who needed a watch-dog found a way to get around paying his dog tax. He trained a goose to "honk" when anyone invaded his land.

Speeding Motorcycle Comes to Rapid Stop

GALVESTON, Tex. (AP)—Officer A. E. Mize really caught a speeder

Mize clocked a motorcycle at 40 miles an hour in a 30-mile zone and waved the rider to the side of the road. As the cycle slowed to a stop behind the patrol car it hit soft dirt and tossed the rider onto the rear bumper of the police car.

Presbyterians Adopt Report Calling for Segregation Ban

PHILADELPHIA (AP)—The General assembly of the Presbyterian Church in the U.S.A. has adopted a report calling for total elimination of racial segregation in this country.

The report adopted Wednesday at the conclusion of the assembly's 168th annual meeting was directed toward employers, homeowners and politicians.

"Nowhere in this land," said the report, "can Negroes, and to a lesser extent other minority persons escape the indignity of segregation or discrimination in one form or another."

It recommended specifically that:

1 Christians preparing to sell their homes keep uppermost in their minds "the need of minority families for equal housing opportunities . . . and make their houses available to all qualified purchasers regardless of race."

2. Employers take all necessary steps to "break the pattern of discrimination in employment."

3 Politicians "work for the removal of the poll tax and other restrictions which prevent many American citizens from exercising their legal rights . . ."

Pair of Deer Costs 2 Drivers Total of $375

STRASBURG, Va. (AP)—Cecil L. Burke of Strasburg and Ernest R. Clem Jr. of Winchester got their deer, but they were costly.

Burke's truck turned over after striking a deer, damage $300. Clem got off lighter, damage to his station wagon only $75. And they couldn't keep the meat which, under state law, must be turned over to a hospital or charitable institution.

Killer at Large

Traffic accidents have been road-hogging the headlines as the killer at large, but another less spectacular killer is at large on the streets of American cities, too.

Scientists studying the rising frequency of human lung cancer have taken samples of polluted air from eight municipalities and have concluded: "Automobile exhaust seems to be the No. 1 culprit."

Dr. Clarence A. Mills of the University of Cincinnati, one of the nation's leading air pollution authorities, reports that Cincinnati men traveling 12,000 miles or more a year in motor traffic are moving into the danger zone of lung cancer. He adds that tobacco smoking heightens the hazard in every category.

Dr. Mills further warns that "lung cancer is today's greatest killer among respiratory diseases, and the part played by exhaust fumes will have a direct bearing on the tendency of urban populations to live far out and drive in." He adds that the load of so much traffic driving has brought the worker almost to the breaking point.

California scientists studying rising frequency of lung cancer collected polluted air and gasoline engine exhausts from eight cities, reduced the samples to a tarry mass, painted this on mice and produced cancer in all of them.

In New York City the Department of Health found that up to 176 tons of solid matter, including half a ton of tarry matter, settled out from the air onto every square mile of Manhattan each month.

Smoke abatement legislation has proved successful in Pittsburgh and St. Louis. Exhaust after-burners on automobiles is one way to reduce exposure to traffic fumes. Automotive engineers have their work cut out for them in discovering other ways to eliminate pollution.

Perhaps the atomic motor will bring the answer.

This Was Maytime?

We do not intend to labor the point that May this year was a peculiar month. If Ohio were a tourist mecca, instead of the greatest state in the union, we natives would have been telling waterlogged and shivering visitors about our "unusual weather."

But there is something that needs to be said about the month of May in general before this particular May goes down the drain. It was "unusual" only in degree, not in kind.

More often than not, May is a flop. Too much is expected of it. In the first place, it is not June. In the second place, it is not July. It is closer to March than it is to August, and it takes its proximity seriously.

Birds, bees, tulips and trees rise above the adversity that goes with May. But men are easily discouraged. They always hope things will be better than they have any right to expect them to be. They even hope for May to be like Maytime. This one wasn't. Most Mays aren't.

Back Home to Work

The Ohio Valley boom is the subject of one of Fortune Magazine's competent reports in the issue published this week. One detail of the report will be given special attention by people who have been wondering about the boom's effect on other localities.

In addition to land, coal and water, the prime elements in the Ohio Valley's industrial development, is manpower as an added attraction. Much of it is in a labor pool of farm people who never worked in industry. But much of it is going to be drawn from valley natives who moved north to Akron, Toledo and Detroit and are coming home.

Fortune estimates that the Ohio Valley boom has attracted seven and a-half billion dollars of new industrial investment since 1950 and this is only the beginning. When it has gone a little further, the region will be a vast magnet for manpower as well as capital.

With Lake Erie and the St. Lawrence Seaway at the north and the Ohio Valley on the south, Ohio will be the industrial pacemaker for the nation.

An Eight-Jet Wangle

There isn't an Air Force general, a member of the U.S. Joint Chiefs of Staff, a high-ranking congressional committeeman, or any of the rest of us, as far as that is concerned, who wouldn't jump at a chance to see the Soviet Union put on its military air show next June 24.

This is equally true of the Russians, who would jump at a chance to make a similar inspection of U.S. airpower, if this country made a practice of staging an air show. But in a matter of such extreme delicacy as this it isn't possible to write a letter inviting yourself to the other fellow's party.

An invitation must be wangled somehow. Apparently what is happening between Washington and Moscow in connection with the June 28 show is an eight-jet wangle, with swept-back wings, a couple million pounds of thrust, a needle nose and a cruising speed of Mach 8.

We predict it will work out fine. Maybe it won't be as good as mutual aerial inspection, but a general with his feet on the ground and his eyes lifted to the skies they will see everything he needs to see—in Moscow on June 28 and later on in Washington and environs when the Russians return the visit.

Medical Autobiographies

By John Sembower

Personal Health Diary May Be Requisite

CHICAGO

Have you kept up-to-date that baby book given to you when you were born?

That is a question that Dr. Carl A. Dragstedt, professor of pharmacology at the Northwestern University medical school wishes every doctor would ask his patient with the full expectation of an affirmative reply.

Dr. Dragstedt, supported by other physicians who are concerned over the growing importance of medical histories in charting modern treatments, is trying to get everyone to keep a health diary.

-:-

IT WOULD BE a personal health log that would follow the individual through life the way such logs now are maintained for aircraft and ships, showing how long they have been operating and every remarkable event along the way.

"I mean a suitable booklet in the permanent possession of everyone, in which would be recorded some of the important aspects of his health record, encompassing items from his family history, and data on such things as his vaccinations and inoculations, his diseases and operations, his blood pressure, blood cell counts, and similar laboratory findings," Dr. Dragstedt explains.

"It would be for him, and all his contacts with hospitals and physicians, somewhat comparable to a permanent passport for travelers," the pharmacologist believes.

Upon consulting a physician or entering a hospital, you would submit your health log. Dr. Dragstedt estimates that this would save considerable time now consumed in taking down a patient's history, and would have the added advantage of being much more accurate and reliable than "the frail memory of an anxious patient." Upon termination of the illness, the log would be returned to you.

-:-

PERSONS WHO ARE exposed to X-rays and radioactive materials now maintain cumulative records of their exposures, and the medical diary would be an enlargement upon this.

Doctors who maintain careful patient records accumulate such data on their regulars. But Dr. Dragstedt is concerned that the person whose physician is "the man who brought him into the world," or even a successor who took over and kept the records up to date, is increasingly rare in a day when people move around more and many are treated in clinics.

He adds that almost every baby born in the last 10 years has been launched with a baby book which has space for information about inoculations and vaccinations. They have proved "extremely serviceable" during the childhood years, but in few instances have they been continued.

"The American citizen pays a considerable amount of money to get well and keep well," Dr. Dragstedt points out. "Upon settling up with his hospital or his doctor, the patient could have his log returned to him, brought up-to-date as to salient items regarding what was found and what was done."

-:-

IT WOULD BE rather like sending your bankbook in to be balanced at the end of the month.

He envisages this book as "durable enough to last a lifetime, and should be about four by seven inches in size, so it can easily be kept with other books on a shelf and yet be carried on occasion in the pocket or purse.

The suggestion is in line with the prediction of Dr. Le Roy H. Sloan, clinical professor of medicine at the University of Illinois that patients increasingly will be asked to write out their medical "autobiographies" at home and bring them into the doctor's office.

Not only does he think that an office visit is too brief a time to get all the background needed for the kind of treatments that are possible today, but that it would go far to eliminate a perverse secrecy on the part of many patients who withhold information needed for proper diagnosis and treatment.

Dr. Sloan states that the worst offender "is the diverting female who takes unholy delight in just missing the truth and who thrives on frustrating the doctor."

-:-

OTHER PATIENTS tend to clam up on their medical histories because they seem to fear that it will not be kept confidential, and Dr. Sloan tells his medical colleagues that they should dispel this "by encouraging the patient to 'tell all, but keep it under your hat."

He says that the banker does not circulate information about our accounts, nor the butcher talk about our purchase of the day, "yet every day we run into people all too curious about the condition of the neighbor's hemorroids or fever or mumps."

He believes that some of the data taken down by hospitals today, "such as the birthplace of your grandparents is practically useless, because what hospital takes this personal history and makes any attempt to study it in relation to disease?"

-:-

IF IT WERE compiled systematically in a health log, however, it would take no additional time and could be related with other information. Dr. Dragstedt is suggesting to his medical colleagues over the country that they encourage their patients to use whatever durable books are available now, such as hard-bound diaries, to start keeping records.

Later he believes that agreement on exactly what should be included in the book can be worked out, and that this would be a worthwhile topic for clinical conferences.

We'll Finish Strong

By TRUMAN TWILL

In the next few decades, according to a prediction made by California Institute of Technology, the mysteries about the behavior of human beings will be cleared up.

This will make humans as easy to handle as any other performing animals. As psychiatrists learn to uncross our crossed wires, they will make it possible for us to exceed the greatest ambitions of all the dreamers who have tried "To improve the breed."

Millions of us who otherwise would flounder in mediocrity and frustration will be turned into geniuses who will have the great satisfaction of knowing we made the world spin faster by pushing it in the right place at the right time.

This is something that is going to happen in the next few decades as the result of what Cal Tech refers to as giant strides about to be made in the "behavioral sciences." It won't do those of us now living any good, unfortunately.

It will be our lot to keep on floundering in mediocrity and frustration.

We shall continue to put a pox on everything we do not understand. Unless we can see how a buck is going to spring into our pocket if we say yes, we shall not only say no but shall bleed and die in blind opposition.

The hand that feeds us will keep right on being bitten to the bone because of our guilt complex about accepting handouts. We shall continue to hate philanthropists and to slander them to the best of our ability. Anyone who is decent to us out of the goodness of his heart can count on arousing our blackest suspicions of his motives.

There will be no abatement in our ageless practice of character assassination carried on at the expense of everybody unlucky enough to come to our attention. Woe be to individualists, to eccentrics, to the fellow who gets to be boss and to anyone who aspires to be a public leader. We shall trample them in the mud if we can.

We shall continue to fight the good fight against knowledge. We shall greet with mistrust anyone who puts on educational airs or pretends to know more than can be acquired by keeping his ear cocked, his eye peeled, his nose pointed into the wind and his lips pursed. We shall spurn all competent advice, unless we have lost the power of choice, as when the croaker tells us to stay in bed after a heart attack.

We shall assert our independence by giving the back of our hand to anything we were not permitted to call our own idea.

We shall be against everything proposed by our opponents, even when it happens to be a good idea.

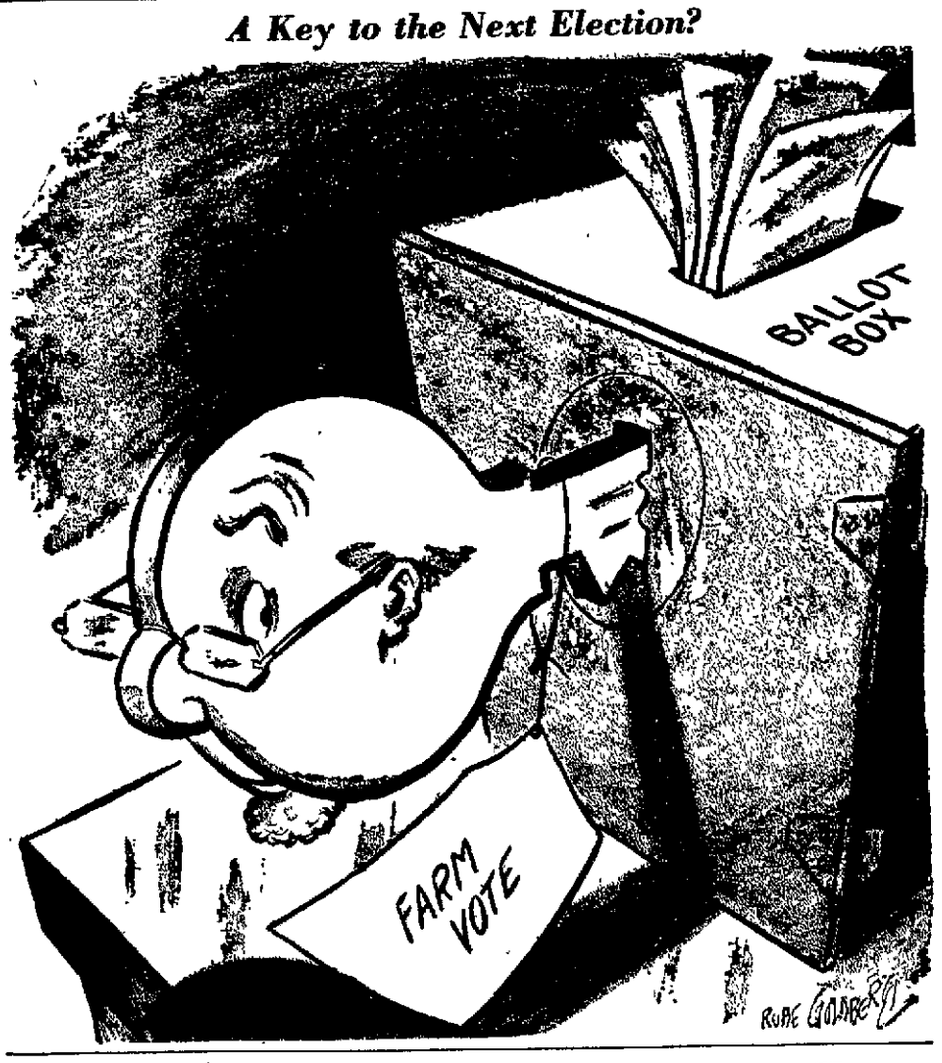
We shall continue to muff chances to make the most of our opportunities. We shall refuse to give anyone else the benefit of a doubt, we shall deny that charity begins at home, refuse to see beyond the ends of our noses and decline to practice the Golden Rule.

In view of these shortcomings and thousands of others equally disheartening, it is a wonder we ever have floundered to a point where it seems likely we may become as tractable as other animals, once the behavioral scientists have put in another generation's work on our cussedness.

GRIN AND BEAR IT — By George Lichty

"Don't you have something that just smells nice and lady-like? . . . I'm a little old for all this action!"

A Key to the Next Election?



'Sleeper' Put in Senate Road Bill

By James Marlow

WASHINGTON

"You did it when we weren't looking."

That is the complaint some senators made against the rest of the Senate for inserting—in the new superhighway program — a few sentences which, if they stand, may cause confusion for years.

It is true some weren't looking. Some weren't listening either. And some weren't there.

The Senate debated Monday, and 14 hours Tuesday, before approving a bill to create over the next 13 years a 40,000-mile network of superhighways costing the federal government about 25 billion dollars and the states about 2½ billions.

—:—

SINCE THE FEDERAL government will pay most of the bill, Sen. Chavez (D.NM) proposed the government should decide the wage rates for men who build the network. He said the secretary of labor should do the deciding.

This wasn't unusual. Under a law passed in 1931 the labor secretary decides wage rates for workers on projects paid for by the government. This applies to contracts for direct federal construction as well as to contracts for schools, hospitals, housing, airports and other facilities built with federal-aid funds.

The secretary decides what the prevailing rate is in the area for the same kind of work—in this case it would be roadbuilding—and says that should be the wage rate for the highway builder.

There were a lot of objections, particularly from Southern Democrats, including Sen. Fulbright (D-Ark).

—:—

THEIR ARGUMENTS, boiled down, ran like this: What area would the secretary select as a yardstick? An area close to where a strip of highway is to be built or some city 100 miles away where wages might be higher? What would happen to the economy of a rural area if the secretary fixed wage rates for roadbuilders out of line with wages paid nearby farmhands? Would they quit the farms to work on the roads?

Besides, so the arguments went, the labor secretary shouldn't have final say. The states—this was the states' rights argument — should have a voice in deciding rates.

Fulbright suggested it might be well to let anyone who disagreed with the labor secretary appeal to the courts. Opponents argued this might foul up the whole highway program, get it snarled in court fights all over the United States for years.

—:—

THE SENATE finally approved Chavez's idea: the labor secretary should decide the rates. But it was a day of confusion on the floor. And just about dinner time Fulbright got up again, proposing as an amendment to Chavez's proposal that anyone disagreeing with the secretary's wage rates could appeal to the courts.

The Senate quickly voted for this. Sometime later Sen. Douglas (D-Ill), an opponent of Fulbright's amendment, realized what had happened. He asked the Senate to reconsider.

He hadn't heard the amendment read, he said, because there was too much disorder on the floor at the time.

—:—

HE SAID HE doubted many senators knew what they were voting for. Sen. Morse (D-Ore) said he didn't know about it because he was out to dinner. Sen. Gore (D-Tenn) said he didn't realize it either. His back was turned at the time, he said.

The Senate let the Fulbright amendment stand. But the Senate bill differs from a similar measure passed by the House which said the labor secretary should decide wage rates but didn't provide for any appeal to the courts.

There can be no highway law until both houses iron out their differences. The Senate may bow to the House and agree to drop the Fulbright amendment.

(The Associated Press)

Silence Shrouds 'Gate'

By M. Kashin

JERUSALEM

The Middle East's most famous "gate" has little to do with a man named Mandelbaum and looks nothing like a gate. However, Mandelbaum Gate it is, if not appearance, a gate in purpose.

It is the only official entranceway between Israel and Jordan on their 330 mile border. Try to cross into Jordan at any other place and you will be stopped by a challenge backed by a machinegun. Frequently, the challenge is lacking. Your body will become the subject of an investigation by the United Nations truce supervision organization, which rules on disputes between the two countries.

(The organization has announced it had gotten Egypt and Israel to agree to dispense with a meeting of the mixed armistice commission to prevent border outbreaks, and that each side will deal separately with the UN chairman of the commission).

—:—

THE GATE CONNECTS the new city of Jerusalem and the Sheikh Jarrach quarter, which is in Jordan hands, although it lies outside the Old City Walls.

Mandelbaum, incidentally, who so unwillingly became immortalized by having his name grafted to the gate, was a merchant who once owned a building nearby. The building, now in semi-ruins, is one of many other stone structures wrecked partially or completely during the 1948 war by shell and mortar fire, or demolition.

The gate itself is nothing but an open square surrounded on one side by houses in Jordan and on the other side by houses in Israel. On the northern side, the UN has taken over a building and plays host here to the Israel and Jordan delegates to the mixed armistice commission. You step off Israel soil as you enter a side door of this UN building. As you leave through the front door, you enter Jordan.

The square is studded with a barrier of dragon's teeth across the middle, running north and south, roughly in accordance with the border. Rusty barb wire entanglements decorate the edges of the open space.

—:—

AS A RULE, the square is deathly quiet under the searing sunshine. The Israel guards are in their station at the western end; the Arab guards, wearing spike-helmeted hats conspicuously out of place on hot, airless days, are taking shelter from the fierce sun at their check point.

It is an eerie place sometimes. There is the story of a young girl who wandered away from her father into the middle of the square. She called out "hello" several times and then burst into hysterical tears. Retrieved by her father before she had been harmed, she explained:

"The place is not alive. Even the 'Hello' didn't answer," meaning there was no echo.

During Christmas, Mandelbaum gate bursts into sudden activity as thousands of Israel and foreign Christians cross into Jordan to make the pilgrimage to Bethlehem. But generally, the square is quiet, its muteness broken occasionally by a consular or UN car crossing from one country to another.

Mandelbaum Gate is also the source of that type of news — always killed by the Jordanian censor — which describes what really goes on in Jordan. During the January riots against the Baghdad pact, reports of the extent and seriousness of the violence were picked up by eager reporters from persons seeking safety in Israel. Thus, two days late, news that the American consulate had been attacked and its flag torn down, was finally published.

Still, in the long run, Mandelbaum Gate is generally quiet, so boringly so that Arab legionnaires heave stones into Israel to break the monotony of the long watches.

(North American Newspaper Alliance)

Target Practice

By BILL VAUGHAN

Late May forecast. showers followed by June weddings.

—:—

The Russians talk a great deal about "disarmament," a tricky word, which can mean as many different things as strawberry shortcake.

—:—

Conversation typifying the times involves a city boy. who patronizes a riding stable, explaining animal life to a farm boy, who knows all about tractors.

—:—

Now someboyd is going to put whale meat in dog food, and the pooch who couldn't polish off two whales at a sitting just isn't trying.

Daily Bible Thought

But when he came there was no room in the inn. "Thou Bethlehem . . . which art little among the thousands of Judah, out of thee shall come . . . that is to be ruler in Israel." — Micah 5:2.

Burning Issue

By Henry Lesesne

Segregation Affects All South

ATLANTA

Newsmen, writers and commentators from the outside, scooting all over the Deep South, have seemed to be as thick as boll weevils in a wet summer since the Montgomery, Ala., bus boycott and the Autherine Lucy case so sharply etched the mounting race crisis.

The consequence has been a greater national awareness of the scope and intensity of the hard impasse in racial relations that is and has been developing in the few southern states where the Negro population comes close to equalling the white population.

Yet by and large, it is often the everyday things contrasted to the more spectacular or dramatic ones, many Southerners point out, which really reveal the brooding tension, anxiety and fear that are plunging some states into a frenzy of anti-integration and anti-NAACP legislation.

One after another an observer or editorial commentator in such parts of the South becomes inclined to reach the conclusion that whatever middle ground of moderation which might exist, or has existed is now — and significantly so — a very inarticulate one.

—:—

THE REPERCUSSIONS of one sort or another are felt in virtually every walk of life. Preachers with too liberal views lose their churches. The dean of education at so important a southern institution as the University of South Carolina loses his job as the result of a speech he makes on the segregation issue. A university student who is a page in the state legislature is booted out of his job because of an anti-segregation piece he authored in the student newspaper.

In the region's larger industrial centers there appears a growing revolt in the ranks of an older, established union, and some groups push for a southern, anti-integration union.

The mounting segregation crisis, which has come somewhat like a delayed time bomb, is posing a handicap to the CIO-AFL "Operation Dixie" before it hardly gets started.

—:—

VERY LARGE CHUNKS of the Southeast, except for some few areas such as the upper edge of North Carolina including the Danville, Va.-Greensboro-Durham area and the big centers like Atlanta and Birmingham, are so heavily or preponderately anti-union in sentiment that they have succeeded pretty well in keeping unionism out.

Hence the emotional dilemma touched off by the Supreme Court's school case decision has reacted as a sort of bonanza for the union-resistant industries, and areas or communities which may try to screen rather carefully any site-seeking corporations that might bring unionism with them.

By and large, the people of both races seem confused by rather vague but inexorable forces which are not immediately seen and are mainly elusive. Neither race, it would seem, ever realized the issue was so important to the other.

Preceding and for some months following the Supreme Court decision there appeared to most observers a fairly good chance that people of good will of both the races could and would get together on the community and grassroots level and work out some sort of schedule toward solution of the immense problem threatening the social and economic structure of about a half dozen states with the heaviest concentrations of Negro population.

—:—

THERE WAS A LITTLE progress, in fact, in this direction. But the whole picture has changed radically. Under the steadily worsening conditions, whatever channels of interracial communication there were to resolve some of the conflict and problems, appear to become thinner and thinner.

This lack of communication between the two extremist groups which threaten to take over in much of the lower South and parts of the upper South is becoming increasingly disturbing to the generally silent elements of the population who believe the only reasonable course to be one of moderation and cooperation.

One daily newspaper in South Carolina, for instance, which since the Supreme Court decision had followed editorially a strong or "militant" course of moderation, the Florence-Morning News, recently had to call it quits and back down.

Two years of threats and pressure caused 29-year-old editor John H. O'Dowd, to conclude that if the newspaper was to maintain its effectiveness in other areas of thought, it had to abdicate its position in the segregation controversy.

News of Other Years

40 YEARS AGO — A note from Gen. Carranza demanding explanation of action of the United States in keeping its troops in Mexico was delivered to the State Department in Washington. It repeated a demand formerly made that the troops be withdrawn at once.

Maj. James Wilson McMurray discussed with local high school youths plans for a proposed boys' military camp in the Marion vicinity.

—:—

20 YEARS AGO — Rev. J. O. Dodd of Central Christian Church addressed approximately 1,400 persons, including more than 300 Harding High School seniors, at annual commencement services in Epworth Church.

Two hundred and fifty students participated in services of crowning the statue of the Virgin Mary in St. Mary Catholic Church.

Thousands of persons gathered in communities surrounding Marion to join in services of Memorial Day tribute.

10 YEARS AGO — State Welfare Director Frazier Reams in Columbus appointed a five-man committee to consider use of a portion of the Scioto ordnance plant at Marion as a training school for delinquent boys.

An audience of more than 2,000 persons witnessed Harding High School's 74th annual commencement at Chautauqua pavilion in Garfield Park.

Formation of a Marion chapter of the National Exchange Club was affected at a meeting in Hotel Harding with Mel Daugherty elected president.

NEWSPAPERARCHIVE.COM

Deaths and Funerals

Robert R. Tracht

GALION — Funeral services were held Monday mornnig in St. Paul, Minn., for Dr. Robert R. Tracht of that city. He died suddenly of a heart attack Friday after collapsing as he was leaving the University of Minnesota where he was an associate professor of ophthalmology at the eye clinic.

The 56-year-old specialist had practiced in St. Paul since 1940. He was graduated from Wittenberg College and Loyola University Medical School, Chicago, and was a fellow of the National Academy of Ophthalmology and Otolaryngology.

A number of relatives live in Galion and vicinity. He is survived by his widow, Mrs. Ann Tracht; two daughters, Sigrid and Catherine, and a son, Robert, all of St Paul; and a sister, Mrs. Harold Sayles of Cleveland.

W. Clay Barr

MOUNT GILEAD — Funeral services will be held at the Craven Funeral Home in Mount Gilead Saturday at 2 p.m. for W. Clay Barr.

Mr. Barr, a former resident of Williamsport, died at the home of his daughter, Mrs. Gerald Beam in McComb Wednesday at 10:30 a.m. He had been living in Centerburg.

His body will be returned to the Craven Funeral Home Saturday. Burial will be in Bryn Zion Cemetery.

William Kissinger

BUCYRUS — William Kissinger, 86, a retired farmer who had been living at the home of his nephew, Harry Kissling on S. Poplar St., died at 6:30 Tuesday night at the Wertz Rest Home. He had been bedfast 10 years.

Born July 9, 1869 in Shelby he was the son of Nicolas and Christian Walker Kissinger. He was a lifelong bachelor and was preceded in death by one brother, and two sisters. He lived near Mount Zion since 1909.

Funeral services will be held Friday at 1:30 p.m. at the Wise Funeral Home with Rev. Floyd Miller of the Mount Zion EUB Church officiating. Burial will be in Oakwood Cemetery. Friends may call at the funeral home Thursday night.

Mrs. Fred Fogle

GALION — Mrs. Mattie J. Fogle, 85, of N. Union St. died at 9:30 this morning in the Galion Nursing Home on W. Atwood St. She had been ill since May 3.

She was born in Morrow County on July 20, 1870 to Mr. and Mrs. William Piper. She was married to John H. Crawford, who died in 1911, and later married Fred Fogle, who died in 1930.

Mrs. Fogle is survived by one son, Dr. John Crawford of Galion, one granddaughter, one brother, W. A. Piper and one sister, Mrs. Lydia Campbell, both of Mount Gilead. One sister preceded her in death.

She was a member of the First Methodist Church, the Rebekah Lodge, the Daughters of Liberty and Circle One of the WSCS of the church.

Services will be at 1:30 Saturday afternoon at the Volk Funeral Home. Rev. Norman R. Somerville of the Methodist Church will officiate. Burial will be in Mount Tabor Cemetery in Mount Gilead. Friends may call after 7 tonight.

Harvey E. Petee

CRESTLINE — Harvey E. Petee, 79, died at his home on Scott St. at 6 p.m. Wednesday after an illness of six months. He was a retired Pennsylvania Railroad conductor.

The son of Edgar and Ada Winters Petee, he was born at Oak Harbor on Dec. 28, 1876. On April 11, 1905 he married Hazel Bacher in Toledo. The couple moved to Crestline from Alliance in 1935.

Mr. Petee is survived by his widow, three sons, Duane of Avon Lake and Robert M. and Harry of Mansfield; three daughters, Mrs. C. W. McDonald of San Jose, Calif., Mrs. Roger Burkley of Orrville and Mrs. James Walls of Aikens, S.C., 11 grandchildren and four great-grandchildren.

He was a member of the Brotherhood of Railroad Trainmen in Crestline, the YMCA board of directors here and the Church of God at Mansfield.

Friends may call anytime at the Beck Funeral Home where services will be held Saturday at 10 a.m. Rev. S. C. Johnson of the Mansfield church will officiate. Burial will be in Woodlawn Cemetery in Toledo.

Edward J. Meyers

BUCYRUS — Edward J. Meyers, 84, of Bucyrus, died at 8:15 p.m. Wednesday at the Bucyrus City Hospital of complications. He was admitted to the hospital two weeks ago.

He was born on Nov. 18, 1871 in Allentown, Pa., to William and Catherine Mickle Meyers. He married Odessa Reynolds who died in 1907, then married Hattie Foster who survives. Also surviving are one daughter, Mrs. Oscar Margraf of Tiffin; one step-daughter, Mrs. Lera Hawk of Bucyrus; one stepson, Malcolm Foster of Toledo, five grandchildren, eight great-grandchildren and one brother, John Meyers of Bucyrus.

One son, two brothers and four sisters preceded him in death.

Mr. Meyers was a retired farmer and last worked as a tool inspector for the Shunk Manufacturing Co. He was a member of the First Baptist Church.

Funeral services will be held Saturday at 2 p.m. at the Lutz Funeral Home. Rev. Willis Webb will officiate. Burial will be in the Nevada Cemetery. Friends may call Friday night at the funeral home.

-Funeral Services-

Mrs. Alice Ferguson — Friday 3 p.m., Schaffner-Denzer Funeral Home on E. Center St., Rev. Irvin W. Emmons, burial in Marion Cemetery. Friends may call at the funeral home.

Mrs. Myrtle Millisor — Friday 1:30 p.m., Schaffner-Denzer Funeral Home on E. Center St., Rev. Ralph Miley, burial in Claridon Cemetery. Friends may call at the funeral home.

Clarence A. Long — Friday 2 p.m., Curl Funeral Home, Cardington, burial in Glendale Cemetery. Friends may call at the funeral home.

Woman Dies, Man Hurt In Cleveland Shootings

CLEVELAND (AP)—A woman was killed and a man critically injured in two separate shootings on Cleveland's East Side today.

The woman, Mrs. Lovie Moore, 25, was shot in the heart. Police said her husband, James, 34, admitted he shot her during a struggle after she refused to give him $2 for whisky.

William Yates, 25, was shot in the face and chest by his father-in-law, Cottrel Brantly, 56, police said.

IT'S THE RUSSIAN BEAR. This is the Russian Bear bomber, a four-engine, swept wing, long range turboprop job which first came western attention in early 1955. Fuselage, tail and wings resemble those of the Soviet's Badger, except that the wings mount four turboprop engines with contra-rotating propellers. Its outline somewhat resmbles the B-52. Naval Aviation News photo.

Traffic Cases In City Court

John R. Miller, 29, of 376 N. State St., $50 and costs, failure to transfer a registration.

Richard A. Church Jr., 21, of 800 N. State St., $15 and costs, speeding.

James McFarland, 26, of 621 W. Columbia St., $10 and costs, insufficent muffler.

John J. Oiler, 19, of near Marion, $10 and costs, driving wrong way on a one-way street.

Richard Lakes, 29, of Miamisburg, O., $10 and costs, illegal parking.

District Traffic Cases

Four traffic arrests were reported outside Marion County by highway patrolmen from the Marion substation today. All were on speeding charges—and the defendants appeared in the justice of peace court at Johnsville. Fined were:

Clifford A. Pauley of Charleston, W. Va., $15 and costs; Barbara E. Lavene, 24, of Syracuse, N.Y., $15 and costs; Larry D. White, 20, of Mount Gilead, $15 and costs; and Bernhard Zuehlke, 24, of Cleveland, $50 and costs.

Cleveland Police Chief Names Head Detective

CLEVELAND (AP)—Police Chief Frank W. Story said today inspector Michael J. Blackwell is his choice to replace Deputy Inspector James E. McArthur as head of the detective bureau.

McArthur is retiring tonight after 25 years' service.

Blackwell now heads all police welfare units, including the women's bureau and the juvenile bureau.

Another man seen as a possible successor to McArthur is deputy inspector Thomas A. Murphy who will become acting head of detectives tonight.

Marion Area Auto Mishaps

Two Marion men were hospitalized in the only Memorial Day accident reported in Marion County by the State Highway Patrol. Five minor accidents were reported by city police.

The county accident occurred at 5 p.m., three miles west of Green Camp on Route 739. A car driven by Clifford Stout, 46, of 343 Owens St. failed to negotiate a curve and left the highway.

Patrolmen said the car struck a farm fence owned by Fern Martin. Two hundred feet of the fence was ripped up and the car was heavily damaged.

Stout suffered fractured ribs and internal injuries while a passenger, Murtie Gilmore, 31, of 180 W. Center St., suffered a compound fracture of the arm and several fractured fingers.

The two were taken to General Hospital in a Ballenger ambulance from Richwood.

City Auto Accidents

Five minor traffic accidents were investigated Tuesday and Wednesday by Marion Police.

A three-vehicle accident Tuesday at 4:09 p.m. at Center and State Sts. involved a truck and two cars. According to police, a car driven by Harlan R. McGinnis, 22, of 145½ Scioto St. ran into the rear of another car operated by J. Harold Holloway, 41, of Indian Lake, pushing it forward into a truck driven by Paul L. Smith, 31, of near Prospect.

The front of the McGinnis car was considerably damaged and the rear and front of the Holloway car also was damaged.

In an accident in the 100 block on S. Seffner Ave. at 1:31 p.m. Wednesday, a car driven by Harold E. Randolph, 45, of 215 S. Seffner Ave. struck another vehicle owned by James Miller of 191 S. Seffner Ave. in the left rear, police reported.

Each of the other three accidents caused less than $100 total damage, police estimated.

Save Your Valuable Rugs And Furnishings

Soil free carpets and upholstery wear longer. We recommend frequent cleaning with the new, easy to use, Blue Lustre.

The swift action of this new miracle foam works equally well on wall-to-wall carpets, fine oriental rugs or upholstery. Bright original colors gleam like new. Blue Lustre is easily applied with a long handle brush, leaving the pile open and lofty. No residue remains to cause rapid resoiling. Very economical too, as ½ gallon of Blue Lustre concentrate cleans three 9x12 rugs.

NOTICE TO BIDDERS
No. 5615 T

Sealed bids will be received by the BOARD OF EDUCATION OF THE PROSPECT LOCAL SCHOOL DISTRICT at its office at Prospect, Ohio, until 12 O'Clock Noon, Eastern Standard Time, on June 8, 1956, for furnishing all materials and performing all labor for the construction of:

TOILET ROOM REHABILITATION
PROSPECT LOCAL SCHOOLS
PROSPECT, OHIO

in accordance with drawings and specifications prepared by Sims, Cornelius & Schooley, Architects and Engineers, 2901 North High Street, Columbus, Ohio.

Copies of drawings, specifications and proposal blanks, together with any further information desired may be obtained from the office of said Architect.

Bidders are required to use the printed forms which will be furnished upon application to the architects. Labor and materials shall be separately stated in the bid, with the price thereof.

Each bid must contain the full name of every person interested therein, and shall be accompanied by a bid bond or certified check upon solvent bank, payable to the order of the Treasurer of said Board of Education, in the sum of 10% of the amount of the bid and conditioned that if the bid be accepted a contract will be entered into and the performance of it properly secured by a satisfactory surety company's bond in an amount equal to 100% of the contract price. Should any bid be rejected such security will be forthwith returned to the bidder, however, the bid securities of the three lowest bidders in each category will be retained until a contract is awarded and executed.

Bids shall be sealed and addressed to the Clerk of the Board of Education, Prospect, Ohio, and marked:

"Bid for Toilet Room Rehabilitation, High School Building, Prospect, Ohio," and shall be marked with the name of the bidder and filed with the Clerk of said Board of Education by the time above mentioned.

Bidders may withdraw any bid submitted upon written request received by the Clerk of said Board of Education on or before the time specified for bid opening. Thereafter, no bids may be withdrawn for a period of thirty (30) days.

Said Board of Education reserves the right to reject any and all bids. Bids will be publicly opened at the special meeting of the Board of Education at 8 P.M. June 8, 1956.

BOARD OF EDUCATION OF PROSPECT LOCAL SCHOOL DISTRICT
Donald Hickman, Clerk.

Va., Mr. and Mrs. Grant Clonch, Mr. and Mrs. B. H. Thompson and sons Thomas and Richard and grandson Bobby Thompson, Marilyn and Carolyn Rose, Mr. and Mrs. Don Clark and daughter Cathy, Mr. and Mrs. Arthur Vulgamore and daughter, Jerry White, Melody Ann White, Mrs. Catherine Brown and daughter, Leah, Mr. and Mrs. Hobart Clonch and granddaughter Anna Louise Spires, Mr. and Mrs. Thomas Rose and son Tommy, John L. Hanes, Mr. and Mrs. Hobart Clonch Jr., Mr. and Mrs. Aerdra Bright and son, Jimmy.

The celebrant received a number of remembrances. The surprise was arranged by her daughter, Mrs. Margaret Rose.

Miss Joyce J. Messenger

The engagement and approaching marriage of Miss Messenger is announced. Details in the Social Notebook.

Court Hearing Begins

Hearing of a $48,918 damage suit filed by Richard Persinger of New Bloomington against Searle Munson Jr., near LaRue, opened this morning in Common Pleas Court.

The suit is the result of an automobile accident Oct. 2, 1953 on Route 95 about seven and one-half miles west of Marion.

Church Activities

Mr. and Mrs. Ed. Smeltzer of near Denmark were host and hostess to the Golden Rule Class of the Greenwood EUB Sunday School Thursday evening. Plans were made to hold meetings throughout the summer in the out-of-doors. Games during a social hour were in charge of Miss Joan Gorenflo. The next meeting will be a steak fry at the home of Mr. and Mrs. Marvin LaRue of N. Greenwood St.

Columbus Pastor Addresses Upper Sandusky Seniors

UPPER SANDUSKY — People are divided into two classes, those who say "Good Morning, Lord" and those who say "Good Lord, It's morning." said Rev. Floyd Faust, pastor of the Broad Street Christian Church in Columbus, speaking at the 81st annual commencement exercises at Upper Sandusky High School Monday night.

Rev. Faust has been pastor of the Broad Street church since 1929 and has seen his congregation there grow from 187 members to 1,500. The subject he selected for the commencement address was, "How To Live With Energy and Enthusiasm."

Divisions of the subject were something to live on, something to live for, someone to live with and some place to go. Loneliness is one of the basic evils, declared the speaker, since it leads to many of the other evils in life.

Rev. Faust was introduced by Harold U. Cope, superintendent of schools. The graduating class was presented by Robert W. Barclay, principal, and diplomas were presented to the graduates by Morris J. Kuenzli, president of the board of education.

Pony School

WELCH, Okla. (AP) — Pete Park, animal trainer, says people generally stop and stare when they see him coming down the road in his school bus. Park converted the vehicle into a pony bus, and he said neighbors still are startled to see a dozen Shetland ponies looking out the windows.

MAN BITTEN BY DOG

Carl Adkins, 33, of 322 Uncapher Ave. was bitten by a dog Wednesday afternoon and treated for the wound at Marion General Hospital, city police reports today.

Pretty Bubble Loaf Is Spread With Thick Jam

This pretty bubble loaf, generously endowed with jam, is perfect for a late television snack or a mid-morning gathering with over-the-fence friends.

Cream and cheddar cheese as well as currant jelly and pineapple jam are tasy flavor partners for the loaf which is given its special pretty look by spreading the jam from the inside out.

Use:

¾ cup milk
½ cup sugar
2¼ teaspoons salt
4½ tablespoons shortening
¾ cup warm (not hot) water
1 package active dry yeast or 1 cake compressed yeast
4½ cups sifted enriched flour
1¼ cups pure raspberry jam

Scald milk and stir in sugar, salt, and shortening. Cool this mixture to lukewarm. Measure warm water into bowl. (Cool water to lukewarm if using compressed yeast.) Sprinkle or crumble in yeast and stir until dissolved. Stir in lukewarm milk mixture. Add 2¼ cups of flour and beat until smooth and stir in the additional 2¼ cups flour. Turn out on lightly floured board and knead until smooth and elastic. Place in greased bowl and brush with shortening. Cover. Let rise in a warm place, free from drafts for about 1 hour or until doubled in bulk. Punch down and turn out on lightly floured board. Divide dough in half. Form each half into a roll about 12 inches long. Cut each roll into 24 equal pieces. Form into balls. Place a layer of balls about ½ inch apart in greased 9x9x4¼ inch square angel food pan. Brush or roll each in pure raspberry jam. Repeat this procedure. Cover and let rise in a warm place, free from drafts for about 1 hour. (For Action-Quick Dough about 30 minutes.) Brush the top lightly with melted margarine or butter. Bake in moderate oven at 350 degrees F. about 45 minutes. Makes 1 square loaf.

Serves on Committee

M. E. Baldwin of Marion, will be appointed to the rules and order of business committee at the 50th annual convention of the Ohio State Automobile Association June 18-19 at Cedar Point, according to E. L. Bowsher, president of the association.

Other committee appointments in the Marion area include Fred Trautman, Bucyrus, chairman of the credentials group, and Grace Thomas, Galion, also rules and order of business.

— —

Miss Gwendolyn Epley, who completed her freshman work at Ashland College this spring, has been named a student counselor for the 1956 57 term, she has been advised by the college administration

She is the daughter of Mr and Mrs Ralph E Epley of 217 Forest Lawn Blvd

Health Resort in Texas Boasts Many Attractions

GLEN ROSE, Tex (INS)—Need a spring tonic? Then take yourself into the heart of Texas to Glen Rose, a famed mineral water health resort which boasts swimming pools, sanitariums and convalescent homes

Stump Well, near Glen Rose, flows four kinds of medicinal mineral waters

About 50 miles southwest of Fort Worth, Glen Rose is without a railroad and is nestled down in tall cedars and white-limestone cliffs overhanging clear streams

Dinosaur tracks made thousands of years ago are found in the bed of Paluy River nearby and Panther Cave and Shaky Springs (a floating body of land) also attract visitors

3 Men at Galion Fined, Jailed in Theft of Wire

GALION—Charges of petit larceny against three Galion men resulted in fines and jail sentences for each when given a hearing before Mayor Francis C Schalip Tuesday morning The men were found guilty of stealing copper wire from Kenneth Ankney of Sycamore, and transporting it to a property in Galion

The men were Robert C Dittmars, 40 William (Bud) Danner 59 and Floyd Mills, 52 all of Galion Each man was fined $25 and costs and sentenced to 10 days in Crawford County jail, at Bucyrus

Sixty feet of stranded copper wire was removed from a pole which the men allegedly cut down on property belonging to Ankney some 340 feet of insulated copper wire belonging to the city All the wire was valued at $50.

STILL BLAMELESS

NEW BRITAIN Conn (UP) - Arthur E Benoit was especially relieved when police told him it wasn't his fault that a truck had forced his automobile into a stop sign Benoit, who is 84 had been driving since 1905 without an accident

Air Passenger Is Now Lulled By Soft Music

CHICAGO (INS) — Thousands of vacationists will be carried to their destinations on wings of song this year.

A number of airlines have installed Travel Muzak in their planes to enhance the enjoyment of flying.

The airborne music is made possible by shoebox-sized playback machines designed for standard air transport electronics racks and wiring systems, plus special magnetic tape recordings.

The tunes are specially selected, arranged and recorded.

New tapes of fresh music are provided on a regular schedule.

And passengers can regulate volume through individual controls provided at each seat.

The melodies are tailored to fit the flight.

On United Air Lines trips to Hawaii, langorous sland rhythms are programmed.

United also provides popular numbers, semi - classics and a healthy sprinkling of tunes from Broadway hits as a background to its cross-country flights.

Special "champagne music" is used by Western Air Lines on its plush flights between Pacific Coast and Midwest cities.

The effervescent music serves as a background to gourmet meals of filet mignon, orchid corsages, flacons of French perfume and cigars

National Airlines offers subtle Latin tempos on its Havana runs to acclimate passengers to the Cuban atmosphere.

Prayers by Telephone Offered Here

"PRAYER FOR THE DAY," an unique spiritual service, will be available to residents of Marion and the community, starting at midnight tonight.

A project of the young people of Epworth Methodist Church, the service has as its mission the bringing of spiritual comfort and solace through music and prayer.

By dialing a telephone number, 3-2178, one may hear a short prayer. The prayers are recorded and are presented automatically by an "electronic secretary" upon the dialing of the number.

Young people of the church are pictured here examining the electronic device with Robert C. Fesenmyer of the General Telephone Co. They are (left to right) Sally Sharp, publicity chairman; Linda Rowley, general chairman, Mr Fesenmyer, and John Eyster, public relations chairman.

The work of installing the electronic equipment has been completed and the service will be available constantly throughout the 24 hours of the day.

At present only one telephone line and "secretary" will be used. The prayer and music take approximately one minute, the spopsors say. They ask that persons using the service repeat their call should the line be busy. If they get the "busy" signal too often the sponsors suggest they write the church. "Prayer Changes Things" is the slogan.

The service is meeting with success in Detroit, Cleveland and other cities where it has been instituted.

Four Injured In Crawford Auto Mishap

BUCYRUS — The State Highway Patrol post here investigated four accidents during the Memorial Day period. One of the accidents resulted in injury to four persons.

The four were injured in a mishap Wednesday at 7 p.m. on the Temple Road, approximately one mile east of Route 262 in Crawford County.

A car driven by Emery L. Vanhoosier, 26, of Bucyrus went off the south side of the road and crashed into a tree, patrolmen reported.

The driver suffered head injuries while three passengers also were injured.

Nancy McDowell, 16, of Bucyrus, suffered a lacerated head, a skull fracture and a broken arm. She was listed in "fair condition" at the Crawford County Hospital today Elva Vanhoosier, 23, was treated for a lacerated knee and a bruised foot and leg while Francis Vanhoosier, 5, suffered abrasions of the arm.

Moderate damage resulted to a car driven by Wolford Hind, 44, of Detroit who struck a deer on Route 23 about a mile north of Little Sandusky at 8:30 p.m. Tuesday.

A truck driven by Landis A Lust, 54, of near Chatfield and a car driven by Gilbert Mossbarger, 57, of London were involved in a mishap Tuesday at 12:40 p.m. on Route 4, five and one-half miles north of Bucyrus Lust was hauling a load of junk when a roll of wire fell from the truck and struck the Mossbarger car. Lust was arrested on a charge of driving with an insecure load and was to appear in Bucyrus Mayor's Court at a later date.

The fourth accident occurred this morning at 1 o'clock on Route 298 half a mile north of New Washington. A car driven by Perry Heydinger of New Washington went off the road and into a deep ditch when one of the front tires blew out. Patrolmen said the tire was badly worn and the cord was showing. They arrested Donald C. Geis, the owner, of the car, on a charge of allowing a person to drive an unsafe vehicle.

Telegraphers Set Deadline For Walkout

WASHINGTON (AP)— Company and union negotiators today battled against a midnight deadline in seeking a new labor agreement covering some 30,000 Western Union Telegraph Co. employes.

The present contract expires at midnight. E L. Hageman, president of the Western Union division of the Commercial telegraphers Union (CU), declined to comment on the prospect of a strike, but said strike instructions have been issued.

There were indications both sides were driving toward an agreement to beat the deadline, but that a contract extension was possible in the event of no agreement by then.

Negotiations resumed this morning after a recess for the Memorial Day holiday. Contract talks have been under way since April 12.

The union is seeking a 16-cent across-the-board wage increase, plus an additional 7 cents in job classification adjustments, and 5 cents in fringe benefits, including longer vacations and increased vehicle allowances for messengers.

Western Union was reported to have offered an immediate 10-cent per hour across-the-board pay boost, with a 7 cent job classification adjustment a year from now. Talks have been on the terms of a two-year contract

The CTU represents all Western Union employes except those in the New York City area.

Ghost Town Site Of Summer Opera

CENTRAL CITY, Colo., (INS)— Opera and a mountain view can be had at Central City, Colo., this summer as usual.

The performances in the resurrected mining ghost town, about 30 miles west of Denver, will begin with the premiere of "The Ballad of Baby Doe."

This opera is based on the life of a Colorado personality generally considered the most colorful character in the state's history. It was written by Dr. Douglas S. Moore in collaboration with librettist John Latouche.

The other opera is a major one, Puccini's "Tosca."

Thirty-three performances will be held in the Central City Opera House which was built in the last part of the nineteenth century by culture-starved hordes of goldrush miners.

Leading artists of the Metropolitan and New York City Opera Companies will sing the leading roles of both presentations

The little town is situated on the steep sides of a canyon and abandoned mining dumps.

Night life consists of a number of pseudo-pioneer taverns where waiters, bartenders and waitresses are likely to be aspiring opera singers.

The arias are interspersed with clackety tunes of the good old days played on old-fashioned uprights in many bars.

For diversion, there's always the nearness of scenic mountain trips or an occasional short drive to Denver.

Oysters Found on Trees On Island of Jamaica

KINGSTON, Jamaica, (INS) — If you have a strong yen for oysters, Jamaica is the ideal spot for you.

You can pick the oysters from the trees there.

Clusters of oysters cling to the thick masses of mangrove trees which stand stilt-legged on the Bogue Island in the waters of Montego Bay.

You simply reach up from a boat to harvest them.

SUCKER BARGAIN

MINNEAPOLIS (UP)—A Janesville, Wis, newspaper ran the following ad: "Will the woman whose little boy laid his sucker on an end table in our store please come in? She can have the end table for just $1 with the sucker still intact."

DEHORNING CATTLE

LARAMIE, Wyo. (INS) — Dairy cattle don't need horns unless they are being kept for show animals, says I. W. Slater, Extension Dairyman at the University of Wyoming. He advises dehorning of cattle to lessen the problem of the "boss cow" and to reduce goring losses. Dehorned cattle are also easier to handle, especially in stanchions, Slater says.

ATOMIC FILMS

LONDON (INS) — Britain, with a vast new atomic industry anxious to capture world export markets, is launching out in the field of atomic advertising. A series of commercial films in color, aiming to "tell the world what atomic goods Britain has to offer," are being made in London by an industrial cinematographic firm.

Happy Is The Day When Backache Goes Away . . . .

Nagging backache, headache, or muscular aches and pains may come on with over-exertion, emotional upsets or day to day stress and strain. And folks who eat and drink unwisely sometimes suffer mild bladder irritation ...with that restless, uncomfortable feeling

If you are miserable and worn out because of these discomforts, Doan's Pills often help by their pain relieving action, by their soothing effect to ease bladder irritation, and by their mild diuretic action through the kidneys — tending to increase the output of the 15 miles of kidney tubes.

So if nagging backache makes you feel dragged-out, miserable, with restless, sleepless nights, don't wait, try Doan's Pills, get the same happy relief millions have enjoyed for over 60 years. Ask for new, large, economy size and save money. Get Doan's Pills today!

Indians Skid to Third After Twin Loss to Chisox

Cleveland Bows 6-3, 9-8; Rally in Nightcap Stopped

CLEVELAND (AP)—The Chicago White Sox shoved Cleveland's Indians into third place in the American League standings here Wednesday with a 6-3 and 9-8 sweep of a Memorial Day twin bill.

The twin win boosted Marty Marion's Sox into the runnerup spot six games back of the league leading New York Yankees. The Tribe, also six lengths off the pace, trails Chicago by four percentage points, .545-.541.

—:—

SOUTHPAW Billy Pierce registered his third straight decision over the Tribe in the opener although he was shelled out in the sixth frame. Jim Wilson came on in that inning after Pierce had loaded the bases and stopped the Cleveland uprising. Wilson needed help from Dixie Howell in the ninth. It was the 100th major league win for Pierce.

Vic Wertz, Indian first baseman, slammed a homer and double off Pierce and then picked up another four-base blow off Wilson to spark the Indians' 10-hit attack.

Catcher Sherm Lollar smacked a two-run homer in the fifth inning of the opener to send Art Houtteman down to defeat in his first start of the year for the Tribe.

—:—

A SIX-RUN rally in the ninth inning was choked off by Jack Harshman, Howell and Sandy Consuegra in the nightcap. The Sox had scored three in the top of the eighth to move into a 9-2 lead. The six-run Cleveland rally included three home runs. Chico Carrasquel smacked one with the bases empty and after two men were out, Rocky Colavito drilled one into the seats with two runners on. Two bases on balls followed and Preston Ward smacked his second home run of the game.

Les Moss hit a pair of circuit blows for the White Sox during the finale. Mike Garcia was the losing hurler, dropping his fifth decision against three wins. Gerry Staley won his first game after being acquired by the Sox earlier this week. The Yankee castoff was forced out, however, in the eighth inning.

RUSSO WHIRLS OUT OF THE BIG RACE. Paul Russo, Canoga Park, Calif., the right rear tire of his Novi Vespa Special in shreds, spins on the southwest turn of the Indianapolis Speedway (upper left to lower right), rams into the wall in front of the crowd, skids back onto the track and jumps uninjured from the racer to run toward the infield.

Proves Green No Jinx

Flaherty Ends Superstition In Rolling to 500 Victory

By DALE BURGESS

INDIANAPOLIS (AP)—If any race driver still thought green was a bad luck color (an ancient superstition in the trade), they could get a sound argument today from George Francis Patrick (Pat) Flaherty, who won the 40th 500-mile race at Indianapolis Motor Speedway.

Flaherty, a red-haired, 29-year-old racing veteran, roared unscathed Wednesday around a track littered with oil and debris from seven bad wrecks and innumerable spins and skids.

Six Injured

Two drivers, two pit crew members and two spectators were hurt as cars splattered against the concrete retaining walls and banged into one another.

Tony Bettenhausen of Tinley Park, Ill., suffered a fractured collar bone and Jimmy Daywalt of Indianapolis suffered a burned arm when their cars crashed into the walls in separate accidents. They were reported in good condition at a hospital.

Flaherty, who runs a bar when he isn't racing, didn't put a scratch on the big green shamrock painted on the front of his helmet.

He started on the pole as the fastest qualifier in Speedway history and he beat veteran Sam Hanks of Burbank, Calif., to the finish line in the closest windup since Wilbur Shaw nipped Ralph Hepburn by 2.15 seconds in 1937.

Flaherty took the 41-year-old Hanks by 20.46 seconds, or about a third of the 2½-mile track.

The racing during competition was the fastest ever but due to an hour and 11 minutes of slowdowns for wrecks the final average was 128.49 miles an hour compared with Bill Vukovich's 1954 record of 130.84.

Flaherty missed Dick Rathmann's spinning car about two feet by splendid driving.

Winnings Undetermined

Flaherty, car owner John Zink of Tulsa, Okla., and master mechanic A. J. Watson of Glendale, Calif., won't know how much they won until the annual victory dinner tonight but Pat picked up $19,200 in lap prizes alone — $150 for each lap he led. The Speedway sets the purse according to the gate, which looked like more than 100,000 customers in spite of overnight rain.

The purse, including awards from accessory firms to cars using their products, was $270,000 last year and Sweikert won $76,138.

Don Freeland of Redondo Beach, Calif., finished third unofficially, followed by Johnnie Parsons of Van Nuys, Calif., the 1950 winner; Dick Rathmann of Trenton, N.J., who pulled out of the spin that menaced Flaherty and then crashed on the south straightaway after crossing the finish line; Sweikert; Rodger Ward, Los Angeles; Bob Veith of Oakland, Calif., highest rookie finisher; Jimmy Reece, Oklahoma City; and Cliff Griffith, Indianapolis.

Top 10 Finishers In Speed Classic

INDIANAPOLIS (AP) — Unofficial final standings of the top ten cars in the 500-mile race at the Indianapolis Motor Speedway:

1. Car No. 8, Pat Flaherty, Chicago, 128.490 m.p.h.
2. Car No. 4, Sam Hanks, Pacific Palisades, Calif., 128.303 m.p.h.
3. Car No. 16, Don Freeland, Redondo Beach, Calif., 127.668 m.p.h.
4. Car No. 98, Johnnie Parsons, Van Nuys, Calif., 126.631 m.p.h.
5. Car No. 73, Dick Rathmann, Trenton, N. J.
6. Car No. 1, Bob Sweikert, Indianapolis.
7. Car No. 19, Rodger Ward, Los Angeles, Calif.
8. Car No. 14, Bob Veith, Oakland, Calif.
9. Car No. 26, Jimmy Reece, Oklahoma City, Okla.
10. Car No. 27, Cliff Griffith, Indianapolis.

Underdogs Grab Two Features at Lebanon Meeting

LEBANON, Ohio (AP)—A couple of underdogs grabbed victories last night in feature races at Lebanon Raceway's harness race meeting. They set new time marks for themselves in winning.

Niles C. Worthy, owned and driven by Clark Dishman of Muncie, Ind., raced to victory in the class 25 pace in 2:08 4-5. His previous time mark was 2:10. The winner paid his mutual backers $13.40, $5.00 and $3.40.

Newsman, competing in the class 23 pace, lowered his mark from 2:09 1-5 to 2:07 1-5 as he won that event. It was his second victory in three starts here. Newsman, owned by Mid Center Stables of Middletown and driven by Eddie Boyer of Springfield, paid $11.20, $4.80 and $3.20.

Reds Down St. Louis in Both Games

ST. LOUIS (AP)—The Cincinnati Redlegs are proof that you can go from plowboy to President mighty quickly in the National League this year.

When all games had been played Monday night the Reds were only a half game out of fifth place after losing three straight. By the same time last night a winning spurt of three games had boosted them into second place, but a game out of first.

Of course, their hold on second place is quite precarious but at least the Rhinelanders have squatters' rights on that position.

A double victory over the St. Louis Cardinals Wednesday, 6-3 and 6-5, pushed them past both Pittsburgh and the Cards although the margin over St. Louis is only .004 in percentage.

Jablonski Homers

Ray Jablonski's three-run homer in the eighth locked up the first game. In the second, the Reds squandered most of a 6-0 lead and then got some help from the weather as a downpour of rain ended action in the eighth. The score reverted back to its seven-inning 6-5 status although Cincinnati had tallied a run in its half of the eighth.

Johnny Klippstein went all the way to win the opener. Paul LaPalme got credit for the second although Hershel Freeman and Joe Black followed him to the mound after the Cardinals started whittling away at the Cincinnati lead.

In the opener the Reds had only a slim 3-2 lead in the eighth. A single by Frank Robinson and a walk to Ted Kluszewski were sandwiched around a couple of outs and Jablonski bashed his 10th homer of the year.

That was all Klippstein needed although he yielded a home run to Ken Boyer in the Card half of the same inning.

LaPalma was in constant trouble in the nightcap but the Reds got him off the hook in the third inning as they shelled Dick Little - field and his successors for six runs. Doubles by Robinson, Ted Kluszewski and Smokey Burgess were the big blows.

Hank Sauer's home run was the only Redbird run off LaPalme through the first five innings but he was knocked out in the sixth as the Cards scored four times. Freeman was help as a reliefer and it took Black to put out the fire.

In that inning, Sauer and Grady Hatton got doubles.

Triple Play Posted

The Reds were victims of a Cardinal triple play in the first game and in the washed out eighth of the finale they lost not only a run but a double steal by Roy McMillan and Black.

Art Fowler was listed to pitch the final game here tonight against Wilmer (Vinegar Bend) Mizell.

Virginia Club Takes 2 From Columbus Jets

By The Associated Press

John Mackinson's chances of getting another opportunity in the majors are slim because of his age but the 32-year-old Rochester righthander is giving it the old college try this year.

The veteran raised his won-lost record to 8-0 Wednesday as he teamed with another old timer, Cotton Deal, to give the Red Wings two victories over the Montreal Royals, the International League leaders. The scores were 5-2 and 7-2.

The Columbus Jets' climb upwards was halted by the Richmond Virginians, who won both games 3-2 and 4-1. The defeats snapped the Jets' winning streak at five games.

Lefty Niles Jordan checked the Jets with four hits, walked only one and retired the last 10 batters in order in winning the nightcap. Dick Getter packed the Richmond attack with three doubles. Bob Kline also chimed in with three hits and Leon Carter drove in three runs.

Steve Kraly and Sonny Dixon combined to hold the Jets to three hits in the seven inning opener. Their mates combed three Jet pitchers for 10 hits, including Getter's third homer of the campaign.

The Buffalo Bisons and the Toronto Maple Leafs split their twin bill. The Leafs won the first game 2-0, but the Bisons came back to take the second 9-1.

Mantle Smacks Two

Hurlers Belted in Record Slugging Spree in Majors

By The Associated Press

In the greatest outburst of home run hitting in the history of major league baseball, five records were broken and one tied in the eight doubleheaders on Memorial Day.

A total of 50 homers were hit in both leagues, surpassing the old mark of 40 established May 30, 1950 when the National League sluggers connected with 24 and the American League batters with 16.

National League batters sent 26 soaring out of the park Wednesday to surpass their own and the major league one-day mark of 25 established July 16, 1950. And the 24 hit by the American League topped the circuit's previous best of 18 on July 25, 1937.

The Milwaukee Braves and the Chicago Cubs produced the other record in leading the slugfest. They hit a total of 15 in the two games at Wrigley Field—nine in the first game and six in the second. The old mark of 14 was hung up by the Yankees and Philadelphia Athletics May 22, 1930.

Three in Row

Successive home runs by the Braves' Ed Mathews, Hank Aaron and Bobby Thomson in the first inning of the first game equalled another major league record.

Most of the excitment was set off by Mickey Mantle's "near-miss." The Oklahoma strong boy, jolting his 19th and 20th homers of the season as the New York Yankees swept Washington, smacked one against the facade on the third tier in right field that missed by 18 inches of being the first fair ball ever hit out of mammoth Yankee Stadium.

Thomson hit two homers in each game — his first "double" since Aug. 22, 1953. A pair of two-run homers by Hobie Landrith and Dee Fondy in the sixth got the job done in the opener for the Cubs, however, 10-9. Thomson's three-run blast triggered a four-run sixth that helped Milwaukee to an 11-9 edge in the nightcap.

Cub pitcher Russ Meyer and Billy Bruton were banished from the opener after exchanging blows when Meyer conked Bruton on his protective helmet with a pitch.

The flareup followed consecutive first-inning homers by Ed Mathews, Hank Aaron and Thomson—tying a major league mark.

Cincinnati replaced St. Louis as the NL runner-up, sweeping the Cardinals 6-3 and 6-5. Ray Jablonski's three-run homer in the eighth won the opener. Doubles by Frank Robinson and Ted Kluszewski fired a six-run third that won the nightcap.

Roberts Defeated

Pittsburgh held fourth place, 1½ games back in a split with the New York Giants. Dale Long's triple won the opener in 10 innings 5-4 for the Pirates. A two-run double by Al Dark broke up the nightcap for the Giants in 15 innings, 5-3.

Brooklyn and Philadelphia also split, the Dodgers scoring six in the sixth off Robin Roberts to win 6-5 in the opener. Then the Phils, with seven unearned runs, ran off with a 12-3 decision.

The Yankees beat the Senators 4-3 and 12-5. Mantle's big belt with two on gave them the lead in the opener. Mantle's 20th homer cracked a 3-all tie in the nightcap and a five-run sixth iced it.

Billy Pierce needed help, but won No. 100 in the majors and third straight over Cleveland as Chicago clipped the Indians twice 6-3 and 9-8.

Baltimore twice edged Boston in the ninth, 2-1 and 5-4. Bob Hale's single broke up the second game. Bob Nieman's single ended the opener.

Virgil Trucks, despite a swollen ankle that benched him for 10 days, three-hit Kansas City as Detroit beat the A's 5-1 in the second half of a morning-afternoon pair on a two-run homer by Al Kaline and a three-run shot by Frank House. The Tigers took the opener 11-3.

Holiday Attendance Up At Major League Parks

By The Associated Press

Major league baseball, enjoying its biggest day of the season, played to 240,354 fans Wednesday for an increase of nearly 50,000 over Memorial Day a year ago.

The attendance for the eight doubleheaders on May 30, 1955 was 194,448. Wednesday a total of 122,025 saw the four American League doubleheaders and 118,329 were on hand for the four National League twinbills.

Philadelphia drew the biggest crowd—a standing room only turnout of 35,492—for its doubleheader with the Brooklyn Dodgers.

Pleasant Defeats Green Camp 9-4

Pleasant downed Green Camp 9-4 in a Marion County Baseball League battle Wednesday at the Prospect Park. It was the opening game for both nines.

Both teams scored three runs in the opening inning, Green Camp's scores coming on a three - run homer by Pitcher Mervin Stover. His blast followed two Pleasant errors.

Sharrel Leffler, Pleasant hurler, was in perfect control from that point on, striking out 19 Green Camp batters. Stover was relieved by John Bish in the fifth frame.

Leffler also blasted a three-run homer as he led the winners at the plate with two hits in four times at bat. Richard Dutt banged out a triple and two doubles in four tries and Don Miller had two for four.

Pleasant outhit the Green Camp nine 12-3.

Pleasant	321	030	0—9	12	3
Green Camp	300	001	0—4	3	1

S. Leffler and Peacock; Stover, Bish (5) and Williams.

Marion Horses Win Seven Heats on Harness Program

Marion-owned horses captured heat wins in seven of 10 harness horse races staged Memorial Day at the Marion County Fairgrounds.

Prospect and Nevada horses were also winners in the races, sponsored by the Marion Matinee Club.

Highlighting yesterday's five-race program was Darlene Volo's easy triumph in the second heat of the classified trot and pace. Owned and driven by Jim Wickersham of Marion, it posed the top time of the afternoon—2:15 2-5 — in winning that race.

In the opening heat, however, it had trailed the field and a blanket awarded to the race winners went to Rosalee Potempkin, owned by L. H. Matthews of Nevada. The Nevada horse won the blanket on its 1-2 finish in the race summary.

The remaining four races saw the blanket winners capture both heats of their races.

Linnsway, owned and driven by Walter McClaskey of Prospect, posted the next best times yesterday in winning the classified pace. He won the first heat in 2:17 3-5 and came back to top the field of four horses in the second in 2:18 1-5.

Wickersham also drove his horse to victory in the two-year-old 30 class classified trot. Dream Spencer, owned by Jim and Lew Wickersham, won both heats in 2:21 and 2:20 3-5. Both times he finished ahead of Castle Prince, driven by Don Irvine of Chesterville.

Just Wick, driven by Mike Ledley of Marion, led Rose Roy across the finish line in both heats of the classified trot, trotting the mile in 2.21 and 2:18 4-5. Rose Roy was driven by L. Beggs of Mount Gilead.

Princess Melody, owned by S. McCleary of Marion, topped Connie Stout, a Hilliards horse, in both heats of the two-year-old 30 class pace. McCleary drove the horse to victories with 2·22 and 2·25 3-5 clockings.

First Race, two-year-old 30 class trot. Dream Spencer (Wickersham), Castle Prince (Irvine), Cathy Kilroy (McClaskey).
Time· 2:21. Also ran· Pershing's First (Battles); King Song (Burwell); Mabel Kilroy (Fissell)

Second Race, two-year-old 30 class pace. Princess Melody (McCleary), Connie Stout (Robinson), Bud Mite Girl (Cook).
Time· 2:22. Also ran· Agnes High (Swank), Honor Fama (Worline).

Time 2 18 4/5 Also ran Little Whiz (McClaskey); Nett Ellis (Pinkenpaugh), Leora Dawn (Cheney).

Tenth Race, classified pace. Linnsway (McClaskey), Spunky Me (Robinson), Worthy Darnley (Young).
Time· 2 18 1/5. Also ran Easter Gay (Worline).

Rowley, Minard, Mason Win In Country Club Flag Tourney

Warren Rowley, Newt Minard and Bob Mason were flight winners in the annual Memorial Day flag tournament held Wednesday at the Marion Country Club.

A total of 48 golfers participated in the tourney, decided on par of 72 plus handicap. Linksmen advancing the farthest with their stroke totals were declared winners and awarded merchandise prizes.

Rowley, who completed the first 18 holes and was on the No. 1 green, won the A flight. Jack Vornholt was second and John Rise finished third.

In the B flight, Minard won after touring the first 18 and reaching the No. 1 green. Runner-up was Bill Foster, while next came George Howser, Dr. Dan Brickley, Paul Hunt, J. B. Bray Sr. and Dr. William Leffler.

Bob Mason won the C flight with Jack Hearn second.

The golfers vied for a total of 12 merchandise awards.

Memorial Day crowds at both the Marion Country Club and Mar-O-Del courses were described as "good" by the courses.

Jack Stoddard, Country Club professional said over 100 golfers played throughout the day and that "as many as could get on" golfed yesterday. A Mar-O-Del spokesman estimated the Memorial Day turnout there at 150 and added that it was probably the largest crowd of the season.

Wildlife Decreasing

HELENA, Mont. (AP)—The grizzly bear, the Montana grayling (a fresh water fish) and the trumpeter swan are three native Montana species of wildlife facing extinction. The Montana Fish and Game department blames their decreasing numbers on civilization's continued movement into primitive areas.

Heavyweight Harold Carter of Linden, N.J., won 16 of 27 bouts as an amteur, losing only to Floyd Patterson in the Eastern Golden Gloves finals.

Industrial Golf Leaders' Edges Both Lowered

Leaders in both the Monday Night and Friday Night Industrial Golf Leagues saw their first place margins cut in play during the latest sessions.

In the Monday Night loop, league - leading B. F Goodrich whipped Short Ford 7-2 but runner-up American Legion Post 162 blanked the Y-Men 9-0. Goodrich paces the league with 21 points but the Legion squad is pressing the leaders with 19½.

In other action, third-place Erie No. 1 (18 points) downed Palace Recreation 6½-2½, fourth-place Whirlpool (16½) decisioned Depot No. 2 8½-½, Depot No. 1 beat Depot No. 3 8½-½, and Pearson Brothers defeated Borden's 7-2. Depot No. 1 and Short Ford are tied for fifth in the league with 15 point totals.

Jerry Wynn's 38 was low gross and D. Grace, with a 32, has low net.

In the Friday Night league, pace-setting American Legion Post 162 No. 2 retained its first place hold by downing Whirlpool No. 2 7½-1½. Runner-up CIO 2721, however, gained a point with an 8½-½ victory over Tecumseh.

The Legion squad's hold on first now is only by a 15½ to 15 margin. B. F. Goodrich No. 2 whipped Huber-Warco 7½-1½, Eaton downed Pollak Steel 6-3, National City Bank decisioned Erie Railroad No. 2 5-4, and Jockey Fine Foods won over Erie Railroad No. 3 by the same margin.

Goodrich and Eaton are deadlocked for third in the league with 11½ point totals. Next is Whirlpool with 9¼. Low gross scores include 40's by Dick Russel and Elmer Davis and a 38 by Davis. Duke Gilmore has a 33 for low net.

Schultz, Billy Fox Awarded Match

The team of Dutch Schultz and Billy Fox won a wild main event Wednesday night in the Marion Armory.

In a no time limit match, Schultz and Fox won after referee Bob Hoffman was struck and knocked to the floor and he disqualified Joe Scarpello and Nelson Royal. It was against the wishes of the fans, however, who claimed it was Schultz who hit Hoffman as he referreed a sultry match between Schultz and Scarpello. All four wrestlers were in the ring at the time.

In the opening falls, Schultz beat Royal with a spin toe hold in 14 minutes and Scarpello evened it up with a series of drop kicks on Schultz. It came after Fox and Schultz had worked over Royal, who managed to make it to his corner and tag Scarpello.

The opening match, a two-out-of-three fall event, saw Marco Polo also win on a disqualification. Rip Hawk won the first fall with a crab hold in 13 minutes and Polo came back to take the second fall in 11 minutes, also with a crab hold. Hawk failed to break at the count during the third fall and Polo was declared the winner.

Dayton Couple Injured In Accident in Morrow

Two Dayton residents were injured in an accident in Morrow County Wednesday at 3 a.m. which was investigated by highway patrolmen from the Marion Post.

The two, George and Hazel Parker, were passengers in a car driven by Johnson Panell, 43, of Dayton. His car and a semi-trailer truck sideswiped on a Route 42 curve, a mile and one-half south of Cardington. The truck was driven by Donald A. Thomas, 42, of Litchfield, Ill.

Parker suffered a bruised leg and a cut over the eye while Mrs. Parker suffered a bruised elbow Both were treated at the Morrow County Hospital.

Panell was charged with driving to the left of center and was fined $10 and costs in mayor's court at Mount Gilead. Patrolmen reported extensive damage to the car and some damage to the truck.

Pastrano Nails Split Decision Over Spieser

NEW ORLEANS (AP)—Willie Pastrano's finally got Chuck Spieser out of his hair, but the swift New Orleans heavyweight's future plans have little pattern.

Pastrano, borrowing a page from the baseball manual, hit to all fields Wednesday night. He displayed a newly acquired style of infighting in winning a nationally televised 10-round split decision over the former Olympic team member from Detroit.

At 172, Spieser spotted Pastrano 10½ pounds.

The meeting was the third between the two and the record now shows two triumphs for Pastrano and one draw.

Pastrano opened bad cuts under Spieser's eyes and showed a marked superiority in the boxing department. But the officials couldn't agree on the decision.

Referee Frank Kercheval tabbed Spieser the winner 6 rounds to 4 with the crowd of 9,000 howling in disapproval. But Judge Eddie (Kid) Wolfe had Willie winning, 8-1 with 1 even and Judge Pete Giaruso had Pastrano ahead 7-1-2. The AP tally had Pastrano far in front 8-2.

Pastrano said he had a two-week cruise with the Naval Reserve ahead of him and then — well, he just doesn't know.

"I'll take on whoever they want me to fight," he said, "but I don't think there's anything definite."

Legion Baseballers Slated for Opening Practice on Friday

The first practice session of the year will be held Friday for the American Legion Junior baseball team, a Legion spokesman announced today.

The drill session is scheduled at the Harding High School diamond at 5:30 p.m.

All boys from the city and county who were born after Sept. 1, 1938 are asked to report. A special invitation was issued to the players from last year's team who still have a season of eligibility. They were urged to take their uniforms to the session.

Max Ross, former catcher with the Marion Red Sox, will serve as manager and Max Roseberry will be his coach.

The opening game for the Marion nine will be Saturday, June 7 at Marysville. The Marion club participates in the Sixth District League and last year lost to Newark in the district finals. Members of the district league in addition to Marion are Mount Gilead, Marysville, Newark and Mount Vernon.

POKER "REAL"

ALAMOGORDO, N. M. (INS) — Ralph W. Wesselmann, a tournament Bridge player now in service and assigned to the Holloman Air Development Center, says he doesn't believe Bridge is the only "real" card game. Wesselman also rates Poker on a par with Bridge. He says he once played Poker for 72 hours, adding, "I was winning or I wouldn't have played that long."

Sammy Snead Tops Choices In Texas Open

DALLAS (AP)—Texas' biggest golf tournament both in money and quality—the $70,000 Texas International Open—started today with Sam Snead in the familiar role of favorite but with a score of others strongly backed.

It's the second half of Dallas' $100,000 golf show. Don January, the Abilene, Tex., freshman to pro ranks, won the first one, the $30,000 Dallas Centennial Open, last weekend.

January is in this tournament too but isn't among the favorites.

He plays in the opening round today with Gene Littler, Singing Mills, Calif., and Freddie Haas, New Orleans

Snead, who fired a 3-under-par 67 over the 6,216-yard Preston Hollow Country Club course Wednesday but still complained about his putting, hits his first tee shot for keeps this afternoon, being in a threesome with Wally Ulrich, Rochester, Minn., and Dick Mayer St. Petersburg, Fla.

Some observers figured the Texas International might be between Snead and Ben Hogan, the Fort Worth great. They are long-time rivals. Both Snead and Hogan have been playing well from tee to green and as Jimmie Demaret, another well liked entry, says "Hogan will start putting and boy how he will move."

Hogan had 277 to tie for 13th place in the Centennial Open.

CHECK BOOK STOLEN

Theft of a check book from his car was reported to city police Wednesday by Robert W. Ledley of 615 Herman St.

Amateur Sets Rugged Pace In Warm-Ups

NASHVILLE, Tenn. (AP) — Golf fans were still buzzing today over Don Bisplinghoff's performance in the qualifying rounds as match play started in the annual Western Amateur Tournament.

The 21-year-old Orlando, Fla., business man not only whacked 15 strokes off par at the Belle Meade Country Club for 72 holes but his 66 for the final 18 Wednesday tied a course record established 30 years ago.

The par 72 course was no puzzle for Bisplinghoff, who was under regulation figures for each of the four preliminary rounds. His closest competitor was Tim Holland, Rockville Centre, N. Y. toy manufacturer, who used a hole-in-one on his final round to help compile a 279.

Mason Rudolph, 22-year-old Clarksville, Tenn., threat, and Floyd Addington of Dallas, Texas, were next in line with 280s.

Holland not only fired the tournament's only hole-in-one but he also turned in a 66 on his last round to equal the course record.

Oklahoma Man Seeks Final Divorce Action

OKLAHOMA CITY (AP)—An Oklahoma City man who thought he was divorced 37 years ago has asked District Judge Fred Daugherty to make it official.

Hicks Irvin, railway pullman porter, discovered that no court minutes or final decree was filed in the 1918 divorce case. He said the judge granted him a divorce, though, and both he and his wife remarried.

So Cool, So Smart, So Fresh Cotton Dresses

5.98

Greet summer in cool comfortable cotton! These dresses are washable, always seem to sparkle under the sun. Wards has the top cotton styles for you, these with full, full skirts to give you more freedom. Choose cottons with checks, with dots, in pert plaids . . . your favorite bright and pastel colors. Junior, miss and women's half sizes.

LONG LIVE COTTON

Moscow May Extend Bid, Officials Feel

Twining Authorized To Visit Russia but Other Chiefs Ignored

WASHINGTON (AP) — Some informed U.S. officials believe Moscow will follow up its successful bid to Gen. Nathan F. Twining with invitations to other American military leaders to visit Russia.

Members of the Soviet high command may be asked to come to the United States in return.

Secretary of the Air Force Donald A. Quarles announced Wednesday that "with the authorization of the President" Twining had accepted an invitation to a Soviet Aviation Day celebration June 24. Twining, Air Force chief of staff, will be accompanied by several subordinate officers.

Others Okay Man

Quarles said the decision to accept had been approved also by Secretary of Defense Wilson and Secretary of State Dulles, who is presently on a 10-day vacation. The Russian Embassy was advised of the decision.

Thus ended half a dozen days of speculation.

The decision for Twining to accept was speeded by a weekend report from Ambassador Charles E. Bohlen in Moscow making clear the bid was a firm one. This indicated that the Soviet government was not interested for the moment in inviting other members of the Joint Chiefs of Staff for a tour of Russian military establishments.

Left Up to Twining

Comments from the White House and Defense Department showed they would welcome a broadened invitation, but when it became evident that this would not be promptly forthcoming the decision was made for Twining to accept.

As a matter of policy, it appears that Soviet moves for increasing military contacts with the United States have confronted Eisenhower and his chief advisers with a choice of difficult and risky alternatives.

Central Problem

The central problem is this:

1. How can the United States enter into friendlier military relations with Russia without causing its allies and the free world generally to lower its guard and relax vigilance against Soviet communism?

2 On the other hand, can the United States afford to cold-shoulder Soviet moves for more normal relations in the military field without appearing to other countries to have a kind of Iron Curtain of its own?

Eisenhower himself is described as convinced that more and closer American-Russian contact are in themselves desirable in the interest of peace.

Dudes Ride the Range Around Olden Fortress

BRACKETTVILLE, Texas, (INS) — Guest ranches are a growing tourist enterprise in the scenic Southwest Texas hill country.

One of the more unique havens for dude wranglers is Old Fort Clark near Brackettville, a cavalry post during the Indian wars where the famous Seminole Scouts were organized.

Guests live in the actual quarters of the fort—reconstructed to fit modern taste, of course.

Weather Report

Occasional showers and thunderstroms early tonight. High today 84. Clearing and cooler late tonight, low 58. Friday fair, cooler and less humid, high 75.

TODAY'S ALMANAC

Sun rises at 5.03 a.m. and sets at 7.55 p.m.

Chris Van Cuyk, former Dodger southpaw, is pitching for Chattanooga, Tenn., in the Southern Association Last year he had an 8-8 record for Oakland, Calif.

Parade Precedes Memorial Service

VETERANS, SCOUTS, BANDS and mounted horsemen marched Wednesday in the Memorial Day parade, which was termed the "best in years" by veteran observers.

UPPER: Harding High School's band is shown making the turn from Center to Main St. on the way to the Marion Cemetery.

LOWER: The audience and participants in the memorial service at the Marion Cemetery stand with bowed heads as Rev. Lynn H. Harris, pastor of Greenwood EUB Church, delivers the invocation. The service was held at the rear of the cemetery chapel.

Memorial

(Continued From Page 1)

care for the many thousands of refugees that had come from the towns and hamlets of the battle areas.

—:—

HE TOLD OF the fine work that was done and declared that it was possible that Marion would be called upon for a similar service should other Ohio cities become targets of atomic or hydrogen bombers.

A change in the scheduled program was the benediction at the close of the cemetery services. Rev. F. E. Kline, pastor of the Forest Lawn Presbyterian Church, substituted for Rev. Fletcher Shoup, pastor of the Prospect Street Methodist Church, who had suffered a heart attack last week.

D. J. MacDonald, president of the Memorial and Veterans Day Association, said everything went according to schedule and that everyone seemed to be pleased with the results. "I have seen over 30 of these annual events," he said, "and the one yesterday was certainly one of the best."

California

(Continued From Page 1)

that charge unfair, saying he vetoed the bill because the State Legislature failed to appropriate money to implement it. California, like Florida, has a substantial number of retired citizens.

On the "bossism" issue, Kefauver said, "One of the great dangers of the present campaign in California is that the Old Guard politicians are using the campaign of Mr. Stevenson to climb back into power."

Kefauver's Charges

He said the "main reason I lost in Florida" was that "Talmadge-type politicians" were for Stevenson and "against me on the civil rights issue." The term "Talmadge-type politicians," Kefauver said, referred to former Gov. Herman Talmadge of Georgia, a strongly prosegregation leader who Kefauver said carries considerable influence in north Florida.

Although Stevenson never once mentioned Kefauver by name during Wednesday's swing through California's northern coastal Valleys, he opened up on the senator when he got to Los Angeles.

Stung by Kefauver's charges, Stevenson issued a statement today, saying:

"Sen. Kefauver is engaged in mud slinging that will hurt the Democratic party. I shall not stoop to those tactics. I am sorry that he has resorted to personal abuse and deceit in these last days of the primary campaign."

Adlai Campaigns

Like Kefauver, Stevenson passed up a Memorial Day break Wednesday to seek out as many potential voters as possible in advance of the primary.

Leading a motorcade into several smaller communities, he reiterated criticisms of Eisenhower administration policies, particularly in the foreign field. He said the United States "is neither as strong as it was three years ago nor does it command the respect it did" then. He depicted Eisenhower and his aides as using "boasts, threats, slogans and nonsense" in dealings with other nations.

In Atlanta, Democratic Gov. Marvin Griffin hinted Wednesday that Georgia's 32 convention votes may go to Stevenson on the first ballot. Griffin said he was pleased by Stevenson's Florida victory, but he declined to say flatly what the state's delegation would do in Chicago. He did say he is "satisfied" it will not vote for Kefauver or Gov. Averell Harriman of New York, regarded as a potential candidate for the party's presidential nomination. The Georgia delegation will vote as a unit.

In South Carolina, Strom Thurmond, 1948 States Rights presidential candidate, said that if a "suitable candidate" is not nominated at the Democratic convention "it may become necessary to nominate a third candidate, or to set up a third set of electors"

Rioting

(Continued From Page 1)

Buffalo youths at the beach. Five were Negroes and four whites.

The Negro youths were charged with unlawful assembly and the whites with creating a disturbance. All were released under $500 bail each.

Buffalo authorities took three Negro teen - agers into custody when the Canadiana docked here shortly before 11 p. m.

Police said no charges were placed against them immediately.

It was not known what set off the disturbances at the beach. An estimated 15,000 to 20,000 persons, mostly Americans, were reported at the park Wednesday.

Reporters on Hand

Margaret Wynn and Dick Hirsch of the Buffalo Courier-Express, who were aboard the three-decked steamship, reported that "nearly 40 white youngsters, several beaten or cut, cowered below decks in the ship's dining room for most of the trip after being attacked or threatened by the many Negro teen-agers who made up the majority of the passengers."

The reporters estimated that of the approximately 1,000 passengers, 80 per cent were Negroes.

"Members of the ship's crew and private police," the reporters wrote, "vainly attempted to keep order, but when one fight was broken up, another flared in a different portion of the weather-beaten boat."

Blame Negro Girls

"Most of the trouble," they continued, "was caused by gangs of Negro girls who walked the deck attacking and molesting young white girls.

"Firecrackers were carelessly flung at passengers, exploding at their feet. Several received powder burns. Switch-blade knives were brandished. Youngsters were shoved to the deck by the rampaging mobs which rushed back and forth over the decks.

Flyer on B&O Hits Boulder, Engineer Dies

PARKERSBURG, W. Va. (AP) — The Baltimore and Ohio's westbound National Limited derailed coming out of a tunnel about 30 miles east of here early today. The engineer was killed and two other crewmen were missing.

The diesel engine of the fast New York-to-St. Louis train apparently struck a boulder as it emerged from the tunnel in the rain-drenched Hughes River Valley. The engine and a baggage car overturned. Eleven cars to the rear were towed back to Clarksburg, then rerouted over a side line.

Several passengers were treated for minor injuries, but none was reported hurt seriously.

The engineer, J. C. Riley of Grafton, W. Va., was pronounced dead on arrival at St. Joseph's Hospital here.

Riley Shaver, an ambulance driver, said the engine lay in the swollen river, and the baggage car lay on its side at the tunnel's mouth.

Shaver brought back William Baum of Parkersburg, a mail clerk, who was treated for shock and sent home

One passenger was hospitalized at Clarksburg.

Donald B. Crawley, 22, of Clarksburg, was treated for a head injury and was kept under observation. He boarded the train there enroute to Detroit.

The derailment occurred where the tracks emerge from the tunnel onto a bridge spanning the usually small and placid stream. It is about halfway between Parkersburg and Clarksburg, near the small settlement of Cornwallis.

Missing were the fireman, identified as Paul R. Hooten of Grafton, and another crew member, unidentified.

The five sleeping cars and their destinations were listed as follows: One en route to Louisville, two to St. Louis; one from Washington to Fort Worth, Texas, and one from Washington to Dallas.

Condition of Boys Hurt In Auto Accident Is Fair

The conditions of Jack Clutter, 17, and Damon Ault, 16, two of three youths injured in an automobile accident Tuesday night, were reported as "fair" today by Marion General Hospital attendants.

Clutter, who resides at 874 Merkle Ave., suffered a head injury and Ault received neck and chest injuries. He resides at 844 Congress St

The other youth, Garth Wolfe, 16, of 884 Woodrow Ave., suffered only shock and required no hospitalization The accident occurred at Pole Lane and Williamsport Roads near the Marion Municipal Airport.

U S. soybean stocks as of Jan 1 this year are the largest on record and exceed those of a year ago by 14 million bushels, according to the U. S. Crop Reporting board.

TWINS COMPETE AS SINGLE ENTRY. Identical twins Martha (left) and Marilynn Bross, 18, are competing as a single entry in the Miss Atlantic City contest of the Miss America pageant The judges have ruled that if either wins, both will reign as official hostesses of the city during the ceremonies. Each stands 5 feet 5, weighs 115 and measures 36-24-35.

Will Cut Costs, Highway Chief Says

Federal Road Bill Aids Cities, Linzell Reports

COLUMBUS, Ohio (AP)—Passage of the highway bill now before Congress will make it possible to reduce the cost of city participation in future interstate highway construction, State Highway Director S. O. Linzell said today.

The director added that federal funds made available to the state by the bill will "greatly expand the expressway program for cities."

Linzell said the state highway construction council and the highway department are thinking of requiring cities to pay only for plans and 25 per cent of right-of-way costs of interstate highways in urban areas. Linzell said plans usually are four per cent or less of the total costs.

Cities of 5,000 to 38,000 population now pay five per cent of all non right-of-way costs while cities of 38,000 to 100,000 pay 15 per cent, and those over 100,000 pay 25 per cent of such costs All are required to pay 25 per cent of right-of-way costs.

Linzell said the proposed formula would become effective with the construction program adopted by the next regular session of the General Assembly The present program would not be affected by the reduction.

Linzell explained that to alter city cost requirements now in effect would upset the "orderly progress" of the present construction program.

The program adopted by the next General Assembly will be programmed for construction after July 1, 1957, Linzell said.

The director said the highway department plans to call a meeting of representatives of municipalities to discuss the matter of participation in future construction programs "as soon as possible," after the highway bill is adopted by Congress.

Linzell said state highway planning is now being directed for use of the federal funds to assure each city "fair participation."

He said the federal program "promises to assist greatly" in meeting Ohio's highway needs but that the need for new highways still will be greater than the funds available.

The outlook now is that the entire 1956-57 program for major thoroughfares will be carried out The cost of the program was originally estimated at 359 million dollars but Linzell said it now appears that an additional 82 millions will be needed.

Appropriations for the program included 250 millions from the state's 500 million dollar bond fund The additional money needed to complete the present program means that bond money available for 1958-59 will amount to only 168 millions, Linzell said

The director said this money will have to be carefully used to match federal funds made available for interstate highways and to provide for the needs of the state's other major thoroughfares

Still Time Yet To Halt Trend, Chief Declares

CHICAGO (AP) — The National Safety Council declared today "there is still time" to halt the trend toward a new record high number of highway traffic deaths.

Ned H. Dearborn, Council president, made the statement on the basis of a recently completed tabulation showing the April death toll of 2,960 was the highest for the month's history.

The previous high of 2,851 was set in 1953.

In addition, Dearborn said, traffic fatalities for the first four months of this year claimed, 11,550 lives, an all-time high. The old mark of 11,281 was set in a comparative period in 1937.

He called for "resolute and prompt action" by public officials local organizations and individuals to curb the increasing death rate. At the current pace, he said, the 1956 traffic death toll could reach 42,000, eclipsing the previous high of 39,969, set in 1941

April was the 14th consecutive month in which traffic deaths were higher than for a corresponding month in 1955, Dearborn said.

Traffic

(Continued From Page 1)

taled 11,500, including 2,960 in April. The previous high for a comparable period was 11,281 in 1937.

Last year's Memorial Day holiday extended over a three-day period—a weekend—and 369 persons lost their lives in motor mishaps. Total accidental deaths were 596

Generally mild weather lured millions of motorists to the highways Wednesday in the first holiday of the spring-summer season.

Crash

(Continued From Page 1)

The car plunged into a field and rolled end over end three times, then rolled sideways once before coming to rest on its wheels, 200 feet from the highway, the patrolman reported.

Chandler was taken to Union Memorial Hospital at Marysville in a Ballinger Ambulance from Richwood and was then transferred to Universityt Hospital in Columbus. His injuries were listed as a basal skull fracture, a collapsed lung, a ruptured bladder and extensive internal injuries. He still was listed as "critical" at the hospital this morning.

Brother Act

SNEEDVILLE, Tenn (AP)—Circuit Judge George R. Shepherd fined Gilbert Taylor $250 and sentenced him to 360 days in jail on Taylor's plea of guilty to a drunk driving charge Taylor was arrested on the charge by his brother, Sheriff George Taylor.

Food for Spur-of-the-Minute Supper

Cheddar Cheese, When Kept at Hand, Makes Many Good Dishes

By CECILY BROWNSTONE
Associated Press Food Editor

Is Sunday supper at your house sometimes a spur-of-the-moment affair? Does the cook go into the kitchen late that lazy afternoon to prepare what she's moved to put on the table for a casual meal?

If you're a wise family planner, you'll have natural cheddar cheese on hand. The cheese makes so many good dishes when it is teamed with everyday ingredients.

Nowadays natural cheddar cheese comes packaged in vacuum - sealed transparent wrapping. The plastic bags are shrunk to fit the cheese so no air can get in; this means that the cheese may be safely refrigerated for many weeks.

Here are some spur-of-the-moment cheddar cheese dishes for which you do not need meticulous recipes.

GRILLED CHEESE SANDWICHES

Our favorite way to prepare these is to grill the sandwiches in butter in an iron skillet. A large skillet will take three sandwiches — two whole ones and one cut in half. The first trick in making these sandwiches taste wonderful is to use plenty of butter — 1 tablespoon for each side of each side of each sandwich, if you're feeling extravagant and are not calorie conscious. The second trick is to grill the sandwiches slowly.

Embellish the sandwiches, if you like, by adding whatever is in the refrigerator to the cheese: thin slices of boiled ham, a layer of chutney or sweet pickle relish, strips of dates and slices walnuts.

CHEESE RABBIT

For this make a medium cream sauce with plenty of grated cheese stirred in after the sauce has thickened. The rabbit is delicious served over toast or crisp crackers and topped with tomatoes.

CHEESE FONDUE. Use it for impromptu Sunday supper.

If the tomatoes in the house are fresh, cut them in half crosswise, sprinkle the cut surfaces with salt, pepper and dried crushed basil; then dot with butter or margarine before broiling.

If the tomatoes come out of a can from your pantry shelf, heat them carefully so as not to break them; then drain well with a large slotted kitchen spoon and use these for your topping.

If you have stewed tomatoes on hand, you'll use these of course without further seasoning. If the canned tomatoes are the plain sort, you may add seasonings during the heating: salt, pepper, a dash of sugar, basil.

The juice left from the tomatoes may be refrigerated and added to a soup, a sauce or a gravy.

CHEESE FONDUE

Do you know this good dish? Along with the cheese, it uses milk, bread, butter or margarine, eggs, salt and dry mustard. Serve the fondue with tomato aspic (it comes in cans) on salad greens. Or serve a fresh salad of sliced tomatoes and cucumbers, lettuce and green onions. Here's the receipe for the fondue:

CHEESE FONDUE

Ingredients: 1 cup milk, 1 cup fresh bread crumbs, 4 ounces (about 1 cup) natural cheddar cheese (chopped), 1 tablespoon butter or margarine, ½ teaspoon salt, 1 teaspoon dry mustard, 3 eggs (separated).

Method: Place milk, bread crumbs, cheese, butter, salt and mustard in saucepan. Stir over low heat until cheese is melted and bread crumbs are blended. Remove from heat. Beat yolks until thick and lemon-colored. Slowly but vigorously stir cheese mixture into yolks. Beat egg whites until they stand in soft peaks. Fold into cheese-yolk mixture. Pour into buttered 1-quart baking or souffle dish. Bake in moderate (350 degrees) oven for 30 minutes. Fondue will stand up a little longer if left in the oven with door ajar an additional 10 minutes. Makes 4 servings.

BUNIONS
Get this quick relief. Lifts shoe pressure, soothes, cushions, protects the sensitive spot. Ask for the Bunion size.
Dr Scholls Zino-pads

The antique cup which each year goes to the owner of the horse winning Delaware Park's $50,000 Oaks was made in England in 1829.

Airman-Soldier Wrangle Began 30 Years Ago

Armed Forces Feud Long-Standing

Editor's Note—Following is the first of a two-part series recalling past instances of interservice bickering and reviewing the latest flareup of military rivalry.

By ELTON C. FAY
AP Military Affairs Reporter

WASHINGTON (AP) — A zealous pilot who dropped a sack of flour on an Army command post more than three decades ago probably touched off the airman-soldier wrangle over military missions pride of service and sincerity of purpose—has lived on It is still here, new only in the cast of characters and the stage setting of guided missiles, jet planes and atomic weapons

Details of the flour sack incident—the time, the place, the man—have been crowded from the record by all the angry words uttered since

— —

A FEW OLD soldiers and fliers recall that back in the early 1920s an Army maneuver was being carried out The pilot of one of the stick-and-cloth biplanes was assigned to scout for the cavalry. He decided to inject a third dimension into battle From a commissary he acquired a bag of flour Flying over "enemy" headquarters, he dropped the flour, marking in white for all to see the spot where the "bomb" hit

As weapons and the art of war have changed, so have some of the doctrines and aspirations of the services

The Army today has its own "organic aviation," planes and helicopters used for a variety of missions of the battlefield, including the airlift of small units of troops and the resupply of forward battle positions

— —

IT HAS MORE. Today the Army has missiles—short-range rockets, antiaircraft guided missiles, medium-range bombardment guided missiles, a 300-mile range ballistic missile—and a project to build one of 1,500 miles range, the Jupiter

Within the Air Force there is feeling that all this new flexibility of the Army means it is stretching its mission to intrude upon that of the Air Force

One of the points now in controversy concerns an Air Force project to adopt and improve upon a Navy-designed antiaircraft missile, the Talos, to be used by the Air Force for defense of its own bases. It doesn't need or want the Army's Nike missile which, says the Air Force, with some support from the Defense Department, will be inferior in range and performance

— —

THE GROWING NAVY carrier program and the expanding heavy bomber project of the Air Force have added fuel to the fire

Two top air generals recently pointed up the argument before Congressional committees

Gen Curtis E LeMay, chief of the strategic air command, says that in strategy-making "we never are able to plan definitely on the fleet because we don't know where they are going to be"

Gen Nathan F Twining, Air Force chief of staff based his attack on two contentions.

1. The range of carrier-based planes "is relatively short" compared with that of land-based bombers

2 "We must be realistic about such factors as the probable location of the carriers, as well as the amount of striking power they could contribute (to the strategic air offensive), which is small"

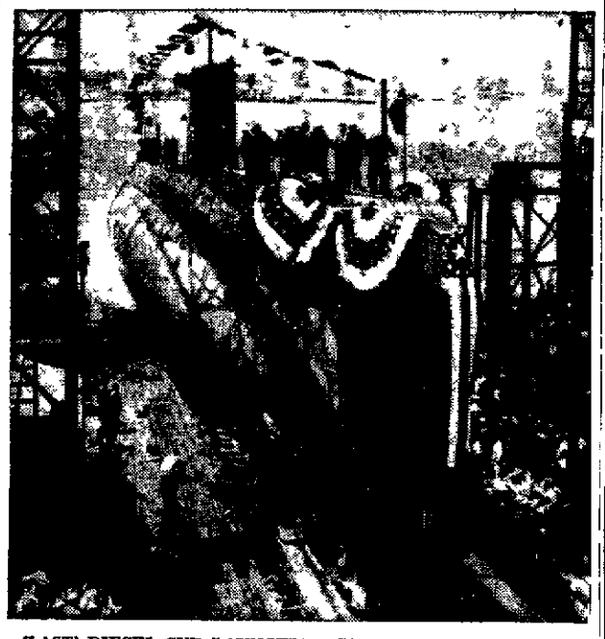
Adm Arleigh Burke, chief of naval operations, reiterates the Navy's publicly proclaimed position — its "primary role" is to maintain control of the sea Threats to that control, Burke contends, may exist in various forms, like submarines, planes or missiles

— —

AND HE HOLDS that the best way to take care of such a threat "is to destroy the weapons at their bases before they are launched" Therefore, Burke says, the Navy has developed and will continue to develop "the capability of striking the source of our threats"

President Eisenhower has added his views, with some praise for the Navy. At a news conference, the commander in chief declared the U S Navy is the world's most powerful and "it features one thing, air power"

Then he added that no matter how efficient in range, the farther forward an aircraft is carried before taking off, the less time it needs to spend in the air and "the more efficient it operates in war"



'LAST' DIESEL SUB LAUNCHED. The Darter, perhaps the last diesel-powered submarine the U S Navy will build, slides down the ways at Groton, Conn The 260-foot Darter's keel was laid in late 1954.

Tape Recorder Is Given at Bucyrus

BUCYRUS—Bucyrus High School today possessed a new tape recorder, the gift of the senior class which was graduated last Friday night

The recorder was presented to the school by Albert Abnett, president of the Class of 1956, at the annual recognition assembly held this week

Awards from Hannah Crawford Chapter of Daughters of American Revolution were presented to Maralon Crane Marjorie Keyse, Lucinda Stout, Phyllis Wiles and Virginia Sullivan

Miss Crane was awarded the Rensselaer medal for proficiency in mathematics and the Bausch and Lomb science award was given Mr Abnett Winners of the senior citizenship awards, presented annually by the American Legion, were Mr Abnett and Carol Kiess The Betty Crooker Homemaker of Tomorrow award went to Miss Sullivan The senior attendance award was won by Rodney Streib

Winners of the Rotary Club essay contest were Harriet Collens, Jules Emig and Barbara Miller and the cancer essay award winner was Joan Kiess, who received a $50 savings bond

Bucyrus Group Begins Fireworks Fund Drive

BUCYRUS — Bucyrus' Interclub Council, composed of representatives of all services club in the city, will sponsor the annual fireworks display on July 4th at Aumiller Park

A campaign to raise $900 for the display will be started today under the chairmanship of Harold Romanoff, a jeweler Funds will be solicited from merchants, organizations lodges, industries and individuals.

City Council annually makes a $250 contribution to the fund and councilmen will be contacted again this year for a pledge, Romanoff said

Campaign chairmen from the various participating clubs include Kiwanis, Richard Burt, Lions, Richard Christman, Rotary, L. C (Dutch) Wertz Y Men's, Richard Kime and James Wise, Junior Chamber of Commerce, Lyle Schiefer Business and Professional Women, Mrs Myrtle Snyder.

GOLD CONTRIBUTION

BRIDGEPORT, Conn (UP) — When members of an AFL-CIO union made a collection for striking workers at the Bryant Electric Co they got more than they bargained for Found among the cash in the collection box was a 14-carat gold wedding band

Plane Comes In On One Wheel

Pilot Eases Airliner Down; 12 Are Unhurt

WINSTON-SALEM, N C (AP)—A Piedmont Airlines plane made a one-wheel landing here last night after its left front tire blew out on takeoff from Hickory 60 miles southeast None of the nine passengers and crew of three was injured

The pilot, Capt Sam Parnell, radioed ahead and two ambulances and two firetrucks were waiting But he set the plane down in good shape

A new tire was put in place in minutes, and the Cincinnati Ohio, to Wilmington, N. C, flight was completed

Kentucky Woman 104

CYNTHIANA, Ky (AP) — Starting her 104th year of life, Mrs Eliza Ann Rogers had one main hope today—that her friends would live to see her on her 110th birthday

She reported herself "as good as new" on her 103rd birthday Wednesday Hundreds of friends sent cards and a great-great granddaughter presented her with a cake

RESTAURANT SOLD

UPPER SANDUSKY — Announcement of the sale and transfer of possession of the Bon-Ton Restaurant here was made today by Mrs Hattie Hall who sold the business to Miss Lucille Smith, an Upper Sandusky resident

Pair Not Injured In Galion Mishap

GALION — Alfred Williams, 42, of Cleveland and a hitch-hiking companion, James Alexander, 17, of Dallas, Tex, escaped serious injury when their car left the South State Rd near the Hosford road intersection in the city limits Wednesday afternoon

The accident occurred at 3 p m when Williams, driving north on the road, lost control The car turned completely around before it left the highway It landed in a field after sliding down a five-foot embankment and was headed south when it came to a stop The hood of the car was ripped off and the front end of the machine was badly damaged.

Williams was on his way to Cleveland, and had picked up the Texas youth in Marion

"POP"

AY, France (INS) — If you've ever wondered how much pressure is behind an exploding champagne cork, you can now rest easy The champagne Producers of France have tested representative bottles from the caves in and around Reims, Epernay and Ay, and come up with the answer between 57 and 64 pounds per square inch

Decorates Grave

ASHLAND, Ky (AP)—Mrs Annie Coffey, 97, was up to decorate her husband's grave in the Ashland Cemetery on Memorial Day.

She came all the way from Badsden, Ala., to perform the ritual she began in 1928. Her husband John died in 1908

Mrs Coffee has traveled more than 28,000 miles on her annual trips since moving to Gadsden to live with a daughter

Dies of Heart Attack

RUSSELLS POINT, Ohio (AP)—Ten-year-old John Milton Lowry, son of Mr. and Mrs. Milton Lowry of (779 Rice St.) Lima, collapsed and died of a heart attack at this Logan County resort Wednesday. The boy was wading in shallow water when he fell, but Coroner Dr. A. J. McCracken ruled death by heart attack.

Two Deer Invade Guernsey Herd of Crawford Farmer

BUCYRUS — There were some "strangers" in the dairy herd of Burton E. Honsberger, prominent Crawford County farmer, when he brought the herd into the barnyard for milking one morning this week.

The strangers turned out to be two young deer.

Honsberger, former president of the County Fair Board, said the deer apparently had been grazing for some time with the herd. They were reddish and about the same color as his registered Guernsey herd.

When the deer reached a barnyard gate, they leaped over a fence, raced down a side road and disappeared into a woods.

The Honsberger farm is located about 10 miles northwest of Bucyrus.

Remembers Chief

CACHE, Okla. (AP) — Quanah Parker was remembered Wednesday by Topay, the last surviving widow of the famed Comanche Indian chief.

The old and crippled Indian woman visited Parker's grave and said she is "looking forward to joining him." The great chief died 45 years ago, but Topay, the last of his eight wives, has lost track of her age. She admits to having married Parker when she was 25.

University Seeks Farm Assistance for Indians

URBANA, Ill. (AP)—The University of Illinois' committee on Agricultural Foreign Programs wants experts to send to India to carry out an extensive farm program there.

R. W. Jugenheimer, committee chairman, says experts are needed in the fields of extension, farm management, horticulture, plant breeding, plant pathology, soil salinity and micro-nutrition of fruits and vegetables.

College of Agriculture Associate Dean H. W. Hannah already is in India, heading up the self help mission from the university.

An estimated eight million U.S. school children have vision difficulties.

Borden's Special 10% Milk

Much richer than ordinary milk... but not as rich as cream!

Perfect for Breakfast

Borden's Special 10% Milk turns your morning dish of cereal—hot or cold—into an appetizing, nutritious *complete* breakfast. And it's wonderful for that morning coffee, too. Try it!

Wonderful over fruit

Many persons who want something not quite as rich as cream are particularly pleased with Borden's Special 10% Milk. It goes perfectly with fresh or frozen fruits, or over puddings and desserts. Maybe this is what you're looking for!

Have Borden's Dairy Products delivered to your door or ask for them at your store

Sentencing Set For June 22 in Daniels' Trial

NEW YORK (AP) — Thomas G. Daniel, convicted of manslaughter in the abortion death of his girl friend, Jacqueline Smith, remains in city prison today pending his sentencing set for June 22.

A General Sessions Court jury found Daniel, 25, guilty Tuesday after a three-week trial. Daniel, who came here three years ago from Warren, Ohio, faces a possible maximum penalty of 20 years in prison.

The jury had heard testimony that the body of Miss Smith, 20, from Lebanon, Pa., who came here to be a fashion designer, was dismembered after a fatal abortion last Christmas Eve in Daniel's apartment. The parts of her body, wrapped in Christmas paper, were thrown into street trash baskets. No trace of her body has been found.

Leo Pijuan, 46, pleaded guilty during the trial to manslaughter in the abortion. Pijuan said he dismembered the body. He will be sentenced June 25.

The jury deliberated about 90 minutes before bringing in its verdict against Daniel.

Daniel took the verdict impassively. He stood erect, with his left hand clasping his right wrist.

The victim's father, Chester Smith, 41, steel company supervisor of Lebanon, was on hand for the jury verdict. He slipped quietly from a side entrance of the courtroom.

In the district attorney's office, Smith declined to comment on Daniel but said:

"I think the New York police and New York law-enforcement officials are the best in the world."

Smith also praised police for the way "they have treated me all during their investigation of the case."

Daniel's widowed mother, Katherine, 54, was told of the verdict as she sat outside the courtroom in a corridor.

"God help me," she cried. "They have taken my life, my savings, my son. I don't want to live any more. I want to die myself."

Mrs. Daniel pleaded with her attorneys to see her son, but he already had been taken back to city prison.

The news was broken to Mrs. Daniel by John W. Ticoras, co-defense counsel, and his associate, Francis X. Diana, both of Warren.

David Seigal, also of Daniel's counsel, told newsmen outside of the courtroom that an appeal would be made.

The case was heard before Judge Mitchell Schweitzer.

Northern Plans Classes In Spanish and Russian

ADA—Foreign language courses in Spanish and Russian will be taught in the summer school at Ohio Northern, the director, C. C. Roberson, said today. Beginner's Spanish will be offered by Miss Mary Ellen Hoffman in both terms from June 18 to August 24, five days a week from 7:30 to 10, and Keith Myers will teach Russian in both terms, five days a week from 10 to 12:40. The sequence of the two summer terms in Spanish or Russian will be equivalent to three quarters of academic study.

TO BUY NEW EQUIPMENT

BUCYRUS — Purchase of several items for use at City Hospital was approved here this week by the Women's Hospital Board. The group will purchase curtain material and make draperies for use on the hospital's second floor at a cost of $125. New cushions for the lounge chairs on the second floor and a planter for the main entrance hall also will be purchased.

BOUND BY BANDITS Model Pat Buckner, 29, a divorcee, sits in her ransacked New York apartment after burglars tied her up and took $13,000 in furs, jewelry and cash. The bandits gained entrance by posing as repairmen. She was alone in the house, having sent her daughter, Glanda, 9, to school.

Civil Defense Unit Truck on Display

UPPER SANDUSKY — The Upper Sandusky unit of the 52nd Mobile Support Group placed its Civil Defense rescue truck on public display Wednesday morning following the Memorial Day parade. The vehicle was parked in front of the North Sandusky Ave. post rooms of the VFW sponsor of the local unit.

Attorney L. C. Schoenberger, a member of the local VFW post, is leader of the CD unit. The unit participated in the debris clearance following the recent severe storm in Lakewood.

The truck, with equipment including tools and first aid supplies, has an estimated value of $13,000. It was issued by federal and state Civil Defense administration as a mobile unit designed to move into a disaster area on first call.

Laurel race track is 20 miles from both Washington and Baltimore and occupies 320 acres of Anne Arundel County in Maryland

Taft Students Plan Program

Parents Are Invited To Final Assembly

The Taft Junior High School will present a special program Friday at 2 p.m. in the school auditorium, in charge of the ninth grade members.

The festivities will open with a processional played by the orchestra, under the direction of Edward Miller. James Beverly, president of Taft School student body, will welcome the audience, while Larry Ishida, vice president, will give the response. Ray Music will read from scripture and Mary Slane will offer prayer.

Ten students are eligible to become king or queen at crowning ceremonies highlighting the program. They include Larry Ambrose, Bruce Blamer, Allen Johnson, Paul Pollock, Paul Tackett, Louis Augenstein, Patricia Calbert, Helen Glenn, Patricia McAdow and Thelma Stapleton.

The class history will be read by Patricia McAdow, Gary Good and Loretta Pine. A mixed chorus, composed of Don Conkle, Tony Drury, Mary Slane, DelRita Blashinsky, Juanita Hill, Francis Payne, Emma Payne, Carol Worley, Helen Glenn, Lois Sims, Larry Ambrose and Patricia Brown, will sing "Halls of Ivy."

The class prophecy will be read by Patricia Brown, Loretta Woolum and Carol Worley. Kenneth Somerlot will present track awards and Melba Haas, school secretary, will present the class gift. The ninth grade choir, directed by Mrs. Melba Swick, will sing and the program will conclude with a recessional march played by the orchestra.

All parents have been invited to attend this final program of the Taft School year.

Wreckage of Lost Navy Jet Found, Pilot Dead

ROCK ISLAND, Ill. (AP)—Wreckage of a Navy jet fighter that crashed during a severe thunderstorm was found Wednesday in a northwestern Illinois corn field. Parts of a body were found in the wreckage.

Search had been underway since the pilot, William Charles Eicenberg, 22, of Irwin, Pa., a lieutenant in the Naval Air Reserve, took off from Columbus, Ohio, Tuesday but failed to reach his destination at Olathe Naval Air Station in Kansas.

RIVALS EXCHANGE CONGRATULATIONS. Sen. Earle C Clements (left) and Thurston B. Morton, former assistant secretary of state in the Eisenhower administration, exchange congratulations in Louisville, Ky., after each won his party's nomination to Congress in Kentucky's primary election. Clements, Democrat, beat out former Rep. Joe Bates, and Morton won the GOP nomination from Julian Golden and Granville Thomas. Clements and Morton battle for the Senate seat in November.

2 Lawsuits Seek Money at Bucyrus

BUCYRUS—Judgments totaling $13,546 are sought in two actions for money filed in Crawford County Common Pleas Court here against Elmer R. Warner of near Crestline, as administrator of the estate of Charles R. Warner.

In the first action, Mrs. Jewell Rank, of near Tiro seeks $10,715 for injuries suffered in a collision between the Rank and Warner autos near the intersection of State Routes 96 and 598, northeast of Bucyrus, on Sept. 30, 1955.

Mrs. Rank states in her petition that she was a passenger in a car driven by her husband, John R. Rank Jr., and alleges that the defendant crossed the center line of the road and crashed into the Rank car. She claims she suffered permanent head, neck and spine injuries.

Plaintiffs in the second action are Mrs. Rank's husband, and the Vehicle Insurance Exchange Cleveland. The sum of $2,831 is asked for damages to the Rank car, medical and hospital expenses incurred by his wife.

Dies of Injuries

CLEVELAND (AP)—William Weitzel, 38, of Cleveland, died in St. Vincent Charity Hospital today of injuries received Wednesday night when he was hit by an auto on East 9th St. near Bolivar. Weitzel was a day laborer.

Most women turn left and most men turn right when they enter a store.

Clements Hopeful of Healing Split

Democrats in Kentucky Hear Call for Harmony

LOUISVILLE, Ky. (AP) — Sen. Earle C. Clements, pleased by pledges of support from the enemy camp in his own party, said today the Democrats will carry on in full harmony in the November general election.

The Senate's majority whip said wires of encouragement were received from all opposition leaders including Gov. A. B. Chandler, after his hard-hitting victory over Joe B. Bates in Tuesday's Democratic primary.

Bates had solid Chandler backing.

Unofficial tabulations on 3,882 precincts out of 4 036 showed:

Clements	211,501
Bates	131,089

On the Republican side, Thruston B. Morton was a shoo-in choice to oppose Clements in November, with a 27,000-vote edge over this closest rival, Julian H. Golden.

Easy Victor

Their tally for the same number of precincts showed:

Morton	39,691
Golden	12,265

While most political observers expressed puzzlement at the size of Clements' victory and searched for the significance of the reversal as it affected Chandler, Clements beamed pleasure.

After naming the more important opposition well-wishers, he said:

"This evidence that the Democratic party will be united behind the full Democratic ticket in the November election provides assurance of a sweeping victory.

Whether such unity will last, however, is a question in the minds of some political observers.

They want to know: "Can it survive the upcoming party conventions?"

Chandler is known to nurse hopes of wresting control of the Democratic State Central Committee from Clements.

To do so he must show a strong hand at county conventions June 30, when delegates are chosen for the state convention July 3.

The state convention will have two important duties this year. It will name Kentucky's slate to the Democratic National Convention at Chicago in August and it will determine the makeup of the central committee, which is the controlling body of the state organization.

Chandler's prestige rides on the outcome of both.

Tallahassee's Boycott Takes Partial Effect

Patronage of Buses By Negroes Is Seen Reduced About Half

TALLAHASSEE, Fla. (AP)—A Negro boycott of city bus service has been judged about 50 per cent effective after one day of operation.

About 200 Negroes met Tuesday night and voted to boycott the buses until seating of white persons and Negroes on predominantly Negro lines is made on a first come, first served basis. They also want Negro drivers on the predominantly Negro lines and what they termed more courtesy from white drivers.

The meeting followed the arrest of two Florida A&M University students who had taken seats in the front of a Cities Transit Co. bus and refused to move to the rear.

Charges against the two women, Wilhemina Jakes, 26, and Carrie F. Patterson, 20, were dropped by police Wednesday. Chief Frank Soutamire said the cases would be turned over to authorities of the all-Negro institution. They were charged with placing themselves in a position to incite a riot and were released in $25 bond each.

The boycott started before the charges were dropped.

Boycott leaders estimated the number of Negro passengers had been cut in half. They said a 21-car pool was providing transportation.

The farm home is the location of many accidents, but with a little extra care and precaution, most of these accidents can be prevented, the National Safety Council and the U. S. Department of Agriculture, advise

School Patrolmen Honored at Galion

GALION — All members of the school safety patrol in Galion city and parochial schools have been honored. New members have been sworn in for the next school year and pupils have been admonished on a summer safety program.

An assembly program at St. Joseph's parochial school Tuesday honored the members of the patrol It also marked the end of a series of similar services in all schools.

Mrs. Grace Thomas, secretary of the Galion Automobile Club, sponsor of the patrol movement in Galion, presented Award of Merit Certificates and miniature patrol pins to 10 members at St. Joseph's School.

Talks were given by both Mrs Thomas and Capt. Norwood Smith of the Galion Police Department who assisted in organization of the patrol and made a daily check on patrol activities.

Capt. Smith swore in members who will serve when school opens in the fall.

4-H Club News

Projects were discussed when the Claridon Comets 4-H Club met Saturday afternoon in the Claridon School John Nicholson, associate extension agent, assisted the members in making their schedule. An adviser will be announced at the next meeting.

Water Skier Is Swept to His Death in Falls

TWIN FALLS, Idaho (AP) — The swift-running Snake River swept a water skier over the brink of 212-foot Shoshone Falls Wednesday as outlookers taking the Memorial Day sun watched in horror from the shore.

Still missing today was the body of 32-year-old Melvin W. Hulbert of Boise, Idaho.

Witnesses said Hulbert lost his balance and fell into the water of a lagoon about 1,000 yards upstream from the falls, one of the highest cataracts in the west. He splashed around in the water, apparently unconcerned, while the current edged him ever closer to the lip of the falls.

"About 200 feet from the falls he seemed to realize he was in trouble," one witness said. The boat which had been towing him and another craft made desperate, dangerous last-minute passes in an attempt to rescue him almost at the brink.

RED SHAKES

LONDON (INS)—The Warsaw radio has announced establishment of centers for sobering up. But in the "workers paradise," the drunkards will have to pay for transportation and medical costs.

Time Loss Due To Strikes Hits Four-Year Top

WASHINGTON (AP)—The government reported today that strike idleness was higher during the first four months of this year than for any comparable period since 1952.

About 7,700,000 man days of working time were lost from January through April, the Labor Department said. The comparable figure for last year was 5,410,000 man days, that for 1954 was 4,610,000 and that for 1953 was 6,400,000. In January-April 1952, strike idleness amounted to 9,680,000 man days—the time of one man for one day.

The department said last month saw 450 strikes in effect, idling 210,000 workers for an aggregate of 1½ million man days. This compared with 350 stoppages involving 175,000 workers for two million lost man days in March.

POOR DIGESTION

OMAHA (INS)—Studies of claims received by the world's largest insurance company indicates that digestive ailments among adults are on the increase. The study of 1,104,142 disability claims from over the entire nation showed the digestive system was responsible in 14 83 per cent of the cases in 1952. By 1954, the number had increased to 15 92 per cent. Figures for 1955 were not available as yet.

Many Children's Books Are Offered at Library

More than 1,000 entertaining books are on the shelves in the boys and girls' department of the Marion City Library for use by the children of Marion during the coming vacation months.

Located in the library basement, the department has a cool, inviting atmosphere where boys and girls may come, browse and read as long as they wish. The hours are 10 a.m. to 5:30 p.m. On hand are librarians to help choose, discuss and explain the books.

The choice is varied and far-reaching. To be found are stories of nature, biography, animals, and far-away lands, to say nothing of the books catalogued for plain entertainment.

WRONG PRODUCT

VALPARAISO, Ind. (INS) — A motel operator near Valparaiso found enough natural gas to do his cooking for years, but wasn't happy. He was drilling for water.

Among 33 Finalists in Contest

Two Ohio Women Seek Sewing Prize of $25,000

NEW YORK (AP)—Two Ohio women are among 33 finalists in a $125,000 sewing contest to be staged here next month.

Mrs. Lucille F. Malecki of Fairview Park, Ohio, and Mrs. Forrest Conrath of (133 Oakwood Ave.) Marietta, Ohio, will arrive in New York June 6 to compete in a public sew-off for a $25,000 grand prize.

Mrs. Malecki, mother of a 10-year-old girl, is the Cleveland regional winner, and Mrs. Conrath, mother of five, the Cincinnati regional winner.

The sew-off will be a featured attraction of the sewing fashion festival being held at the New York Coliseum June 11-17. The Singer Sewing Machine Co. is sponsoring the contest.

Each of the sewing champions, who reached the finals with a dress she made for herself, must make a dress for a professional model while participating in the sew-off.

Winners will be announced June 14. Ten awards will be made ranging from the $25,000 grand prize to $500.

Mrs. Malecki has been sewing for 28 years. She says sewing for her family, besides saving her money, gives her "the thrill of creating with my own hands." She also sews choir vestments for St. Mark's Episcopal Church. She spends an average of five hours a week at her sewing machine.

Mrs. Conrath, who spends about 10 hours a week at her machine, has been sewing for 25 years.

Duke's sensational runner Dave Sime won honors as a Silver Skates speed skater in Madison Square Garden in 1950.

Chou Is Reported As Praising Ike's Efforts for Peace

BOSTON (AP) — Red China Premier Chou En-lai has been quoted as expressing "high regard" for President Eisenhower as a "force for peace."

Miss Edith Wall, traveling companion of Indian Health Minister (Princess) Amrit Kaur, said Chou made the comment to the princess in the form of a "factual statement" in October 1955 while President Eisenhower was recovering from a heart attack.

Miss Wall said the princess repeated the statement to the President Tuesday.

Michigan Man Maker Of Speeders' Nemesis

MARSHALL, Mich (AP)—That policeman's gadget that nails you for speeding—is manufactured here. Roy D. Scheske, 45, former Marine and onetime electrical appliance salesman, developed the device. He makes it, with six employes, in a basement workshop of his ranch-style home.

"There have been over one and a half million arrests, and we haven't lost a case," he says.

The device, which is used in many states is small enough to be carried by hand in a case. It works off a pair of rubber tubes.

The policeman lays the tubes across the road at predetermined distances. When the car's front wheels hit the first tube a switch is closed and a stop watch starts. When the wheels hit the second tube, the watch is stopped.

From the dial face of the watch the officer then takes down the rate of travel of the car. It's that simple.

Democratic Split of 1948 Reborn

States Rights Group Is Formed in Mississippi

JACKSON, Miss (AP) —Mississippians for States Rights, a virtual rebirth of the 1948 Democratic party split, organized Wednesday and adopted a platform based on what they termed loyalty to principle rather than to party.

About 250 cheering, applauding persons from throughout Mississippi agreed to qualify independent presidential electors in an attempt to create a foothold for bargaining with either the Republican or Democratic party for full states rights

Circuit Judge M. M. McGowan of Jackson, a founder and keynoter of the organizational meeting, offered the hope that if 100 unpledged, independent electors voted in a bloc, they could throw the election into the House of Representatives where each state has one vote

Visitors from Alabama and Louisiana reported similar plans afoot in their states.

McGowan said Mississippians for States Rights was organized on the assumption that neither major party would nominate candidates acceptable to the South. His group, however, does not have the backing of the governors of the states involved.

Instead, the group criticized Governors J. P. Coleman of Mississippi, James Folsom of Alabama, Earl Long of Louisiana and Orval Faubus of Arkansas for what it called a lack of leadership against federal encroachment upon states rights.

Nashua became the world's leading money winning horse when he scored in the Camden Handicap on May 19.

Edison Junior High Students Will Perform

Edison Junior High School will present its final assembly program Friday at 2 p.m. in the school auditorium, honoring the freshman class.

The invocation and benediction will be given by Rev Robert A Maugans, pastor of First Memorial Baptist Church Robert S. Brown, superintendent of city schools, will be the guest speaker.

The program will include the following events: processional by the orchestra, conducted by George Lane, National Anthem, led by Michael Dudley, and the pledge of allegiance by Bill Wolfe; class history, Kenneth Klatt, class will, Joyce Miller; prophecy, Bonnie Flower; and a solo by Eddie Steerman, assisted by a ninth grade chorus.

Awards will also be presented, with Mrs Charlotte Schaeffer presenting those for reading circle, George Whitehead, track, J. E. Frew, scholarship.

Lewis Williams will deliver the challenge to the freshmen; Vance Crevistom will accept Jim Ulery, president of the school student council, will present the class gifts

Following the address by Mr. Brown, the class will sing their alma mater song, directed by Carolyn Douglas.

Parents and friends of Edison students have been invited to attend the final assembly program.

Motorist Fined

UPPER SANDUSKY — Ollie Smith, of Nevada, was fined $25 and costs on a charge of reckless operation when he appeared on charges filed by the Nevada marshal, Clarence Edgington, in Justice of the Peace Forrest Bacon's court here. The defendant was accused of driving his automobile into a bridge guard rail on County Road 56, southwest of Nevada last Friday, and causing considerable damage to the guard rail.

Disneyland Park Attracts Travelers

ANAHEIM, Calif. (INS) — The newest and possibly the greatest vacation attraction of Southern California is the fabulous Disneyland Park.

The much-publicized park recently laid claim to being the biggest single attraction in the west on the basis of having drawn more than two million visitors in the first six months of operation.

Disneyland officials have compiled figures showing that adults are swarming to the park in numbers four times as great as the children.

And each return visit unveils new wonders, because Disney constantly is adding to the rides and exhibits in Tomorrowland, Frontierland, Adventureland, Fantasyland, Main Street, Civic Center, the Plaza and the other realms of the 160-acre pleasure spot.

About $900,000 worth of new rides, including a "Sky Ride" above the park, a "River Raft" and a "Mine Ride," mark the new attractions.

Disneyland reports that the average expenditure per person in the park has been $2.29 in the first six months The entrance charge is $1 for adults and 50 cents for children under 12 Rides cost from 10 to 50 cents. However, ticket books can be bought which lower the rates somewhat.

The United States has about 6 per cent of the world's labor force.

C. G. Murphy Stores Started 50 Years Ago

303 Units in 13 States Join in Observance of Golden Anniversary

The C. G. Murphy store at 228 W. Center St., in Marion is joining with 302 other stores in the chain to observe the 50th anniversary of the founding of the company.

Incorporated in 1906, the company by 1911 had 12 Murphy stores in towns surrounding the headquarters in McKeesport, Pa. In that same year, John S. Mack and Walter C. Shaw purchased controlling interest in the company. Mr. Mack was elected president and chairman of the board of directors and held that position until his death in 1940.

New Stores Planned

During the last 50 years the original 12 stores have grown to a chain of 303 stores in 13 states and the District of Columbia. In a few days a new store will be opened in Hickory, N.C., a state in which the company has not operated heretofore.

Other stores in new states are planned for Georgia, Alabama and Florida in the near future. At the present time 34 new stores are in the planning stage or under construction.

For the year 1911, total sales were $251,699.00. In 1955 the company reported a total sales volume of $196,423,090. In only three years since 1911 has the company shown a sales loss, the greatest of which was 3.7 per cent in 1932.

Offices in McKeesport

The general offices of the company are still located at its birthplace in McKeesport, Pa. Mr. Shaw is now the chairman of the board, and James S Mack, son of the late John S. Mack, is president

Observance of the company's golden jubilee is company-wide in scope and represents the result of two years of planning. It is a year-long celebration, the high light of which is represented in the month-long June anniversary sale which starts tomorrow.

2 Cleveland Men Are Killed in Indiana Crash

land men were killed early today when their car collided with a semi-trailer near the intersection of U.S. 6 and Ind. 327 at Corunna, northwest of here.

They were Edgar Gene Crockett and James Arthur Barnes, both 21.

Police said the truck driver, who was unhurt and unidentified, saw the car, in which the two victims were riding, approaching on the same side of the road as he drove west on U.S. 6. The driver told police he tried to get off the highway, but was prevented by a row of trees.

The bodies were taken to the Graffis Funeral Home at Waterloo, Ind.

FOUR CYLINDER JOB. Piero Taruffi, Italian auto racer, drives specially-built twin-torpedo Ghera near Rome where he set a new record for this class of 83.4 miles an hour.

N.Y. Stock Quotations

NEW YORK (AP) — A modest advance in the stock market today made a pale contrast to Tuesday's surging rally.

There were gains of one to three points and losses of one to two points with plus signs holding a slight edge throughout.

Trading came to an estimated 2½ million shares, compared with 2,430,000 Tuesday. The market on the day before the Memorial Day recess shot ahead in the strongest upward movement in 17 years as a result of concentrated buying at bargain levels following a three-week reaction

General Dynamics jumped ahead around two points on the news of a royal Canadian air force contract for submarine hunting planes.

International Business Machines traded up four points.

U. S. government bonds held steady.

Grain Market

CHICAGO (AP) — Grains opened steady in slow dealings on the Board of Trade today. Price changes were limited to fractions in all cereals except soybeans.

Wheat started ⅜ lower to ⅜ higher, July $2.02⅝-½, corn ⅛ to ½ higher, July $1.47⅜-½. Oats ⅛ lower to ¼ higher, July 63¾, and soybeans 1 to 3 cents higher, July $3.03½-$3.04½.

The chirp of a cricket can sometimes be heard as much as a mile away.

Grandmother Picked as Top British Actress

LONDON (INS) — Britain's top film stars and glamourous bosomy beauties have taken an awful black eye from a benign, white-haired 77-year-old grandmother.

For named as Britain's First Lady of the Screen by the British Film Academy is Katie Johnson, an old timer from way back who doesn't rate a line in theaterland's "Who's Who."

Fame came late for Katie but it was accepted with the graciousness and modesty of the real old trouper. Katie said:

"I am thrilled . . . but I wish they had given the award to someone younger—someone whose career it might have helped."

Katie emphasized the haymaker on the younger talent by sharing top acting honors with none other than Marilyn's Monroe's new leading man, Sir Laurence Olivier.

The Academy gave Katie the award for her part as the fluttering old lady who outwitted five crooks in the Alec Guinness comedy "The Lady Killers."

Guinness commented:

"I couldn't be more delighted. Katie is a very good actress, very real, very true and she was a constant example to all of us."

Katie Johnson retired in 1950 after a lifetime of bit-playing in countless plays and films. No theater critic had ever acclaimed her.

As far as the British public was concerned, Katie came to life only when the five crooks in "The Lady Killers" tried to kill her off.

But Director Alex Macendrick had remembered Katie's string of roles as a dithering old dear. "She is a great actress," he told Guinness, and Katie was lured out of retirement.

Katie Johnson had the last words:

"I'm just an old lady—a very old lady. It was all so easy.

"I think Alex picked me simply because I am not deaf."

Olivier won the award as the best British actor for his performance in "Richard III."

Calls for Arms Cut

TOKYO (AP) — Pyongyang radio said tonight North Korea will discharge 80,000 men from its armed forces by Aug. 31. It called on South Korea to follow suit, saying the reductions would speed talks on unification of the country. The North Korea broadcast, recorded in Tokyo, did not say how many troops the Communist regime expected to have after Aug. 31.

Hedge Apples Help To Find Preservative

RENNER, Tex. (NS) — Science has found a new food preservative from a fruit which rots by the tons every year in almost every state of the midwest and south.

Dr. John R. Clopton found the new use for the Bois D'Arc apple, known as the hedge apple or Osage Orange, in the chemical laboratories at Texas Research Foundation.

Chemical research on the apple revealed that the fruit was composed of approximately 15 per cent resins, 15 per cent sugars, 10 per cent pigments, 45 per cent protein and 15 per cent oils.

Dr. Clopton began his research on the apple in 1947 and '48 and in continuing his research during the summers of 1952 and 1954, found the pigments were a pair of yellow, salt-like substances.

These two pigments, pomiferin and osajin, he found remarkably effective in reducing rancidity in edible oils and fats. The two substances constitute 10 per cent by weight of the dehydrated fruit, with their greatest concentration in the pulp rather than in the seed and covering of the apple.

Recently, the Texas Research Foundation was granted a patent by the United States Patent Office which covers the use of the two substances as food preservatives.

"Advantages in using the antioxidant preservatives of Bois D'Arc lie in the fact that there is an abundant source of raw material thoughout most of the midwest and south and that the extraction process is simple and inexpensive," said Dr. C. L. Lundell, Director of the Foundation.

Prices of cattle in 1956 are expected to average slightly higher than in 1955 and hog prices slightly lower. Lamb prices may increase seasonally during the winter.

Auto Passenger Breaks' Arm, Dangerous Habits

LYNCHBURG, Va. (AP) — Ever notice motorists riding with their arms out of the car, hand on the top?

Don't do it, says Richard Phelps. He was riding beside his wife on the front seat of a car driven by his nephew. An approaching car forced them off the road. Phelps arm struck a highway sign and was broken in four places.

When It's
PAINT-UP TIME
On Your Farm
Here's something to keep in mind there's nothing you can buy that will brighten up any exterior surface like
New One-Coat
UNICO 251
White House Paint
That's a fact you'll appreciate when you see the gleaming good looks of your farm buildings after a quick job with UNICO 251. Here's a completely lead-free exterior paint that covers a good repaint surface in one-coat beauty with no trouble at all.
It's a versatile paint that goes on in a breeze and levels easily, making it a snap to do your painting in record time.
UNICO 251 is a fume-proof and mildew-resistant paint with outstanding toughness and strength . . . wears like iron, saves money on repainting.
When you need a really superior outside white, add up these value features and get your supply of one-coat UNICO 251.

Did You Know . . .
that sales of mobile homes have sky rocketed over 400% since 1935? And with good reason. The advance of engineering and design has made the mobile home of today a completely independent home on wheels with all furnishings and major appliances, as well as bath included. Stop at your earliest convenience and see these comfortable, well built homes now on display.

You can buy a new '56 Mobile Home For as low as $290 Down

REX MORGAN, M.D. By Dal Curtis

ARE YOU SURE YOU WON'T MIND BEING ALONE WHILE I DRIVE JUNE HOME, LILA?
OF COURSE NOT!
I SHOULDN'T BE OVER A HALF HOUR, DARLING! I'LL READ TO YOU AS SOON AS I GET BACK!
BRADLEY

STEVE CANYON By Milton Caniff

OH, HELLO, LIEUTENANT —I THOUGHT THUMBS WAS ON THIS SHIFT.
NO, GENERAL TOWN, SHE USUALLY COMES OVER ON HER FREE TIME, BUT TONIGHT SHE WENT OUT DINING AND DANCING WITH COL CANYON!
SAY—GOOD FOR THEM! THEN, AH—LIEUTENANT, YOU WON'T MIND IF I SEND OVER TO MY OFFICE FOR SOME PAPERS I WANT TO CATCH UP WITH—I—
GENERAL TOWN, WOULD YOU DISOBEY A DIRECT ORDER FROM GEN. TWINING?
WHY, OF COURSE NOT!
WELL, SIR, YOU WOULDN'T BE IN A BIT MORE TROUBLE IF YOU DID—THAN I WOULD BE IF I DEVIATED ONE COMMA FROM THIS LIST OF THINGS THUMBS SAID I WAS NOT TO ALLOW YOU TO DO! I RESPECT YOU, SIR, BUT I'M SCARED OF HER!

THEY'LL DO IT EVERY TIME By Jimmy Hatlo

AFTER A 'ROUND-THE-CLOCK SESSION TREMBLECHIN HAD PRACTICALLY ALL THE CHIPS—SO HE AGREED TO PLAY A LITTLE LONGER...
WELL... IT'S NEARLY DAYLIGHT—LET'S PLAY UNTIL 6 O'CLOCK. THEN WE'LL ALL HAVE BREAK-FAST...
YEH... PLAY UNTIL SIX... SELL ME ANOTHER STACK, ELMO...
OKAY... CAN'T QUIT WHEN I'M SO FAR AHEAD... OKAY... DEAL THE CARDS...
SO-O... COMES IT QUITTING TIME... AND... YOU GUESSED IT! HENRY NO GOT THE PRICE OF A CUPPACAWFEE!
BOY-OH-BOY! DID I GET WELL ON THAT KING FULL...
AWRIGHT! LET'S CASH IN! HOW MUCH YOU GOT IN FRONT OF YOU, HENRY?
ONE WHITE—
THANK AND A HELLO HOT TIP TO E.R. TAYLOR, P.O. BOX 203, LA FERIA, TEX.

U.S. Requests Increasing for Rare Volumes

NEW YORK (NANA) — Hotel clerks in this city are used to having guests check all kinds of valuables in the house safe. But last week one of them got a low-whistle surprise when a scholarly man dropped four books on the counter.

"Check these for me?" the guest asked.

"What's the value?"

"Oh, say $30,000."

So the visitor, rare book dealer, J. N. Barfield, explained: "The four volumes were a set of an excessively rare Audubon folio containing 435 prints of American birds."

Bartfield, a dealer in color plate books and fine bindings, was in town to show the set to an important collector. His trip represented just a small fraction of the 60,000 miles he travels each year on the trail of important books and book customers.

Strange as it seems, Bartfield says, demand for rare books and fine bindings has gone up most sharply in recent years.

The average American home has been growing in size. People are demanding two living rooms—a regular one and a second one for family recreation. So, there's more room for books.

Nevertheless, it should be noted that the really great libraries of finely bound, beautiful books were assembled mostly by wealthy men from about 1900 to the middle 1920's. After that, many big homes were broken up and the libraries were sold. Books that had cost $30 a volume could be bought for $2 to $15 a volume.

Today, however, really fine bindings seldom can be bought for half or less of their original cost.

For example, there once were 500 master book binders in the U. S. Now there are only about half a dozen left.

These master workmen, incidentally, can bind books in almost everything from plain leather to human skin. Bartfield, however, says he does not specialize in the curious bindings. Nevertheless, he does admit to handling from time to time some jeweled volumes.

Illiterate Hero Is Puzzle for Book's Author

INDIANAPOLIS (INS) — For a man who couldn't write, Jim Bridger left his name on a lot of places.

That is one of Author Gertrude Hecker Winders' justifications for making an illiterate man the hero of a book for school children.

Mrs. Winders admitted she had been worried about the subject of her latest juvenile book, "Jim Bridger: Mountain Boy."

Bridger, as any Boy Scout knows, was a famous fur trader, scout, explorer and guide during the 1880's. But what seldom is stressed is that he could not write his own name, and could not read the signs that identified the places he discovered.

But today, his name is familiar one in the West, which his explorations helped open for a settlement. There is Fort Bridger, Bridger's Mountain, Bridger's Creek, Bridger's Lake, Bridger's Pass and Bridger National Park.

The book about the man who first mapped the Rocky Mountain region and who discovered the Great Salt Lake is one of several Mrs. Winders has written for the Childhood of Famous American series, widely used as supplementary school books.

Some teachers use these books to interest children in learning to read, and the author figured some youngsters might use Bridger as an example how to succeed without our formal education!

She might have left out the point of Bridger's educational shortcomings, but since the book is based on facts, Mrs. Winders said she felt it necessary to include an incident in which her hero was asked to sign a contract.

He drew his "X" as did many men and women in his less school-blessed era.

But Mrs. Winders recalled that Jim Bridger made sure his daughter, Virginia, received the schooling he never had. She noted:

"I went to Omaha during my research and saw a prayer book belonging to Virginia Bridger in a museum. Over and over she had written: 'Virginia Bridger, Virginia Bridger, Virginia Bridger'."

OUT FOR A STROLL. A duck and a drake steal the show at London's Whitehall as they walk across the Horse Guards parade ground unmindful of the guard mounting ceremony.

Simple, Friendly Letters Help Ease In-Laws' Early Problems

NEW YORK (INS) — Much of a prospective mother-in-law's reputation with her acquired family is achieved with pen and paper.

There are all sorts of correspondence methods to prove her pleasant personality.

Here are some tips from Jerlyn Madison, consultant for a pen and ink concern that may help the future mother-in-law get off on the right footing.

1. A warm, enthusiastic note to her future son or daughter-in law immediately after the enagement is announced can be a long stride toward becoming a popular mother-in-law.

2. A note from the mother of the engaged girl to her fiance's mother will help build the foundations a firm family friendship.

3. If the groom is from another town, the bride's mother can use friendly letters to keep his family up to date on the detailed plans for the wedding. That way they can feel more like part of the preparation, even though by proxy.

Wording Problem

4. The wording of formal wedding invitations can be a problem for the mother who is divorced or widowed. She should not use her given name, says Miss Madison. It should not be "Mrs. Jane Jones," but rather either "Mrs. John Jones," or "Mrs. Sheldon Jones," Sheldon being the woman's maiden name.

If the widow or divorcee has remarried, the formal invitation should include the names of the mother and her present husband, such as "Mr. and Mrs. John Jones." But there should be an indication that the bride is Mrs. Jones' daughter by a phrase like "at the marriage of Mrs. Jones' daughter."

5. Informal wedding invitations should be sent by the bride's mother. A brief note, indicating the fact of the wedding, date, time and place, will do. The handwriting, of course, must be eligible.

Invitation Needed

6. Either the bride-to-be or her mother can send notes to wedding party members concerning the time and place of the rehearsal. But if a party precedes or follows the rehearsal, the note must come in the form of an invitation, from the bride's mother.

7. If the bride settles in a town other than the mother's, the wise woman will address her first few letters to both newlyweds, not just to her daughter.

8. A follow-up letter, after the wedding, to newly gained relatives is a gracious gesture that can improve relations between the two families.

Theater Guide

Ohio — John Wayne, Jeffrey Hunter, Vera Miles, Ward Bond and Natalie Wood in "The Searchers" at 7:10 and 9:30.

Palace — Marlon Brando, Jean Simmons, Frank Sinatra and Vivian Blaine in "Guys and Dolls" at 6:30 and 9:15.

North Drive-In — Bill Haley and his Comets, The Platters, Tony Martinez and his band, Freddie Bell and his bellboys, Alan Freed, Johnny Johnston and Alix Talton in "Rock Around the Clock" at 8:15 and 11, and Howard Duff, Victor Jory and Maggie Mahoney in "Blackjack Ketchum, Desperado" at 9:45 only.

South Drive-In — Alan Ladd and June Allyson in "The McConnell Story" at 8:15 and 11:30, and Peggy Castle and Donald Barry in "Jesse James' Women" at 10:20 only.

State — Tyrone Power and Betty Grable in "A Yank in the RAF" plus "Fury at Gunsight Pass."

Meter Readers Trying New Twist With Dogs

DOTHAN, Ala. (AP) — Employes of the city light department are trying this approach to the problem of dogs biting meter readers:

Alongside the names of householders in their meter books they are writing the names of the family pets.

Now, if a dog jumps them they can call him by name. If it doesn't keep him off they'll at least know which one bit them.

SO SORRY

TOKYO (INS)—The day after Tokyo authorities honored 26 election officials for "outstanding service," one of the recipients was found to have been convicted of violating the electoral laws.

Cost of Education Showing Increase

BLACKSBURG, Va. (INS)—Parents who plan on sending their children to college had better start saving soon.

According to a recent survey reported by the Institute of Life Insurance on the present cost of a college education, it's a pretty expensive proposition.

The survey shows that the current basic cost runs between $500 and $1,500 a year, depending on the college. Out of the more than 550 four-year colleges included in the survey, the largest number charged between $500 and $1,000 a year. The second largest group was the $1,000 to $1,500 category.

These figures don't include the many "extra" items, on which costs may vary quite a bit. There are such additional expenses as books and school supplies, clothing, travel expense, laundry, recreation, fraternity and other dues, and perhaps even decorating a room.

Showdown Looms in Arabia

U.S.-British Solidarity To Face Test

LONDON (NANA) — A showdown is shaping up in Arabia between the U. S. and Britain. It may prove to be one of the most severe tests of Anglo - American friendship since the war.

At a moment when both countries' diplomats are seeking a united front in the Middle East, the U.S. and Britain are waging increasingly bitter war against each other in the sand-swept peninsula.

Mostly, it has been a war of words, backstairs intrigue and of fantastically large sums of money changing hands swiftly and quietly. But it recently also has included actual fighting on the largest scale Arabia has witnessed since the days of T. E. Lawrence. At that time, during the 1914-18 war, Britain rallied the desert tribes against the old Ottoman empire and replaced Turkish influence with British. Now the same tribes are turning against them.

—:—

OSTENSIBLY, the U. S. is not directly involved in the struggle for control of the oil-rich area. Actually, American policy and prestige inevitably have become tied to the fortunes of the U. S.-dominated Arabian - American oil company and ARAMCO royalties have made the sparsely settled, medieval kingdom of Saudi Arabia the No. 1 "money power" of the Near East.

There is little doubt that it is King Saud's ample treasury which is financing the efforts to drive the British from their main foothold at Aden in the southern portion of the peninsula, just as they have been forced to relinquish their positions in Suez and Jordan at the region's northern end.

A tri-partite declaration in April of Egypt, Saudi Arabia and the latter's even more obscure neighboring desert state of Yemen called for the "defense" of Aden, presumably meaning freeing it from British rule. Yemen claims both the colony of Aden and the adjacent sheikdoms which are under British protection.

—:—

THE COLONY, sitting at the mouth of the Red Sea, has been subjected to steadily more violent raids by marauding desert tribesmen, sometimes traveling on horses, often in jeeps and trucks Native troops led by British officers and RAF planes based at Aden have been placed on a virtual wartime footing. Fighting along the unmarked, almost indefensible borders is nearly a daily occurrence.

None of this worries British authorities as much as the riot that greeted the recent visit to the colony of Lord Lloyd, the colonial undersecretary. Police were called out to protect him from an Arab mob demanding independence.

The incident came as a bad shock to public opinion here. The British had believed that in the remoter corners of the commonwealth, if not in Cyprus or Malaya, they still were firmly in the saddle.

—:—

WHITEHALL feels that the U.S. State Department has been siding actively with King Saud and his allies in order to protect ARAMCO's drilling rights, which could be ended by a wave of Saud's bejeweled hand at any time.

The British charge that ARAMCO's ardent desire to safeguard its profits has pushed the U.S. into a position of allowing itself to be played off against its best ally. The Arabs, add the British, like nothing better than watching the degrading spectacle of the two great Western powers scrapping like fishwives for their favor.

But another element in the situation they do not mention so readily is the Anglo-Iraqi Oil Co. and its subsidiaries. The latter also have interests in the peninsula. The jockeying for position of the rival companies, the one American, the other British controlled, forms the background to much that has been happening in Arabia.

—:—

THE BRITISH think that many of the difficulties can be traced to the lack of importance the US. customarily has attached to political problems in the hitherto obscure region. They contend that American policy there has been conducted in an absent-minded fashion, largely by inexpert officials.

They say they want to see the present drift toward chaos in southern Arabia ended by the two nations getting together on a common program that puts national interests ahead of oil interests

In the end, this will benefit the U.S. as much as it will immediately benefit themselves, the British add. Without it, they warn, there is likely to be an explosion in the area that will further rock the already shaken Arab world.

Swordfish Legend Gets Credence by Discovery

BUXTON, N.C. (AP) —Ray Scarborough found the sword of a swordfish in a piece of eight-inch piling and thereby lent some credence to an ancient legend.

The legend has it that wooden ships sailing into the harbour used to be attacked by swordfish. Sailors would exhibit holes and sometimes bits of the sword to prove their story.

The part of the fish left in the piling, Scarborough found is about eight inches long.

MERCHANT TONNAGE

NEW YORK (INS) — The U.S. is the world leader in merchant tonnage these days, with 27.6 million gross tons registered in 1952. That makes up approximately 30 per cent of the world's total. The second ranking nation in merchant tonnage is the United Kingdom, with Norway taking third place.

Janitor Seeking More Leisure for Writings

SUPERIOR, Wis. (AP) — Dana Kneeland Akers is a self-educated poet who works as a janitor at Wisconsin State College. At 64, he is looking forward to less washing blackboards and more poetry and short story writing.

The Wisconsin Regional Writers Assn. awarded him second place for a short story in a contest which attracted 553 entries. His "Ballad of Jean LaBrie" will be included in a new book on "Wisconsin Folklore" by Professor Robert E. Gard of the University of Wisconsin.

THEY'D RATHER WORK

KANSAS CITY, Mo. (INS) — Jackson county Sheriff Arvid Owsley has a unique system for dealing with fathers jailed for non-support of their families. He makes them wash dishes in the jail kitchen. Claims the prisoners are soon clamoring for parole even with the condition they get a regular job and settle down.

Elephants Step Out at Faster Clip This Year

NEW YORK (NANA) — Elephants are away ahead of their newsmaking schedule this year.

The big beasts' escapades are liberally sprinkled throughout news columns each year but they're off with a bang in 1956.

Last week's stampede of circus elephants in Washington, D.C., was the latest event, with 42 of them breaking away while being led off railroad cars. They got a quarter-mile down the tracks before being brought under control.

Emily, of Ringling Bros., Barnum & Bailey Circus, picked the pavement of First Ave., here recently as her "elephants' graveyard."

The 22-year-old elephant succumbed to the heat after losing 1,000 pounds in an illness and a crane was needed to lift her up for her final journey to a rendering firm.

Two baby elephants, Cass and Dale, from the same circus broke away at a Madison Square Garden entrance here April 4 and wandered around wearing orange bonnets while 40 policemen looked helplessly at handcuffs.

Two older, more level-headed pachyderms, were brought out to lead the delinquents back. Their unrehearsed show was a big hit with onlookers.

Opal, elephant owned by Texan Mack MacDonald, couldn't really be accused of delinquency when she was caught walking last April along 53rd St. here. MacDonald was leading the bored elephant's jaunt before police handed him a summons for "obstructing a public sidewalk."

Also in April, two women awoke in their Dublin, Va., house at dawn to discover three elephants tearing down fences and a barn in the backyard. The trio had escaped from King Bros. Circus and was led back by a caretaker.

It took an elephant with an Australian background to do things with dignity. Alice, favorite performer in the "land down under," lay quietly down in the city park where she was playing recently and died without a fuss.

From 1850 to 1860, 914,119 Irish immigrants reached the United States.

REVISED TARGETS

HONG KONG (INS) — Following the complete conversion of trade and industry into joint state-private enterprises the Communist Chinese authorities immediately revised their 1956 production targets for the textile industry. This year, textile mills and factories will be expected to produce 22 per cent more cotton yarn, 25 per cent more cotton cloth, and 8.7 per cent more floral prints than in 1955.

Benefits to Auto Workers Small

Disappointments Loom When GAW Plan Starts

NEW YORK (NANA)—The auto workers vaunted guaranteed annual wage plan (GAW)—recently rechristened supplementary unemployment benefits (SUB) — is likely to prove an annoying disappointment to a majority of its beneficiaries when it begins to function shortly.

Spokesmen for both the industry and union say they expect a deluge of gripes about the smallness of the benefit checks. They are sure they'll also be blasted for the mountain of red tape applicants will have to wade through; the lengthy wait for checks; and the long queues of applicants.

The signing of the GAW contracts with the auto makers a year ago, union president Walter Reuther inferred that laid-off workers could look forward to a half year freedom from want.

Under the SUB, each company builds a special fund by paying five cents for each hour an employe works into it. SUB checks are supposed to make up the difference between the unemployment compensation the state pays a jobless worker and 60-65 per cent of the take-home pay he earned while working.

It now develops that SUB funds amount to between 22-30 per cent of the size expected by this time.

—:—

THIS MEANS, AUTO people say, that the benefit checks will be between $10 and $13, rather than the $25 they would have been had the funds grown as large as contract negotiators calculated a year ago.

Another serious snarl is that many single persons laid off will get larger SUB checks than married men with families. The reason is that the states grant more unemployment compensation to a man with dependents, hence the difference between 65 per cent of his take-home pay and the amount of his state unemployment check is less.

Auto makers also predict that SUB checks will likely go out for 4-6 weeks, instead of the 26 weeks originally seen.

Auto companies have been training special staffs to handle the scores of forms SUB applicants must fill out. An auto company official responsible for the SUB's administration in his plant, remarked: "We're staring at the dog-gonest mess of paper work you ever saw."

In hope of evading major disputes and stemming some of the expected complaints in advance, the union and the companies have put together pamphlets explaining how SUB will work. Each laid-off worker is given a pamphlet.

Most SUB troubles are attributed to the present sagging condition of the auto industry. Federal figures show there are now about 250,000 laid-off auto workers in the nation, with an estimated 190,000 in Michigan. The U.S. Labor department has designated Michigan's auto manufacturing cities as labor surplus areas, eligible for extra government defense work contracts.

However, not all unemployed auto workers are eligible for SUB checks. Many of them were laid off prior to May 1, the date they had to be employed to come under the layoff pay plan, according to the union's contract.

—:—

INDIANA AND OHIO last fall enacted laws that made unemployed receiving SUB checks ineligible for unemployment compensation in those states. Those states are believed to have close to 300,000 auto workers, close to 30 per cent now out of work.

In Detroit, the United Auto Workers held a three-day conference on unemployment in the auto industry. They studied a resolution requesting the mayors of all auto manufacturing cities to petition auto companies officials to meet on a plan to relieve mounting distress in those areas.

The union conference also had political repercussions centered around presidential assistant Howard Pyle's remark that "The right to suffer is one of the joys of a free economy."

Pyle, who made the statement to a meeting of Republican women in Detroit, May 21, later apologized for it.

Beaumont Seeks Profit From Sale of Sewage

BEAUMONT, Tex. (AP)—Beaumont expects to take in $3,000 to $4,500 a year, selling dried sewage for use as fertilizer. Supt. Joe Dust of Beaumont's new sewage treatment plant said he has received inquiries from cities over the nation about its operations.

The United States produces only about 2 per cent of the free world's supply of nickel.

CHANGED HIS GAME. Harry Gisel started to play golf near Toledo after a rain, but changed his mind at 11th hole. Getting a net he scooped up two six-pound carp.

Gets Lunch-Hour Trade

LONDON (INS) — London't busy office girls are flocking to a fashionable hairdresser in mid-town.

He provides a lunch-time hair-set (completed within one hour) with coffee and snacks provided.

Worker Remains Calm, Waits Out Emergency

VIRGINIA BEACH, Va. (AP) — At the height of a big fire, police radios in emergency equipment at the scene began blaring: "emergency, emergency, come in any police unit."

Lt. C. O. Barco, directing police activity at the fire, answered the call. A man had been seen crawling under a house on 47th Street. Residents were afraid to enter the house. Barco found workmen from a plumbing company under the house insulating pipes for winter.

"Sure I heard them hollering," a workman said, "but I waited for you to come. I was afraid someone would take a pot shot at me."

Tobacco Crop Retires Mortgage for Farmer

MARSHALL, N.C. (AP) — Profits from a two-acre tobacco patch have retired the mortgage on the 156-acre farm of Mr. and Mrs. Hilliard Teague in seven years.

The Teagues have started building a new brick home, hoping the tobacco profits will again retire the mortgage.

'Iron Chancellor' Holding On

Adenauer Losing Grip? Poll of Germans Says No

BONN (NANA) — Chancellor Konrad Adenauer's visit to the United States this month will give Americans a chance to join in West Germany's favorite guessing game.

The riddle: is the chancellor slipping?

To the intense annoyance of the erect 80-year-old chancellor, most Americans seem to believe they have the answer· he is

But Adenauer will visit the U. S. armed with convincing evidence that he is more popular than ever with rank-and-file West Germans.

Foreign pundits have been busy writing off the chancellor ever since his bout with bronchial pneumonia last winter. Domestic politicians seem to agree that the "iron chancellor" is slipping.

No longer does Adenauer steamroller legislation through West Germany's bundestag The four-party coalition government he fashioned after his 1953 landslide election has come apart at the seams.

— —

THIS MONTH AT Stuttgart his own Christian Democrats humiliated Adenauer The chancellor demanded the election of no more than two deputy party leaders — both his own men Instead, the party forced him to take four deputies, including two men cool to him.

In the heyday of the chancellor's authority this never could have happened.

Now, however, West Germany's No 1 gallup poll organization, has published a book covering eight years of polls These polls show that the chancellor's popularity is undiminished

More Germans than ever seem to feel that the chancellor "knows everything a little better than anybody else," as one book review put it

Adenauer is acclaimed by West Germans as the second greatest German who ever lived The greatest: Bismarck. The original "iron chancellor" received a 30 per cent poll vote. But 17 per cent said Adenauer is an even greater man that Bismarck.

— —

THE ALLENBACH institute's findings are corroborated by polls conducted by other West German public opinion research agencies.

For example, Emnid, Germany's No. 2 polling agency, reports that the chancellor's prestige has increased with the average German in the last year.

Emnid has just taken a nationwide poll on Adenauer's popularity, asking whether the chancellor is the right man for the job.

Seventy-five per cent replied in the affirmative and 20 per cent negatively.

A comparison of this most recent poll with similar polls conducted in 1953-54-55, shows that the chancellor's popularity with the voters reached the high-water mark in 1954, receded slightly last year, and is now on the rise.

Is the chancellor the right man for the job? In 1953 positive replies were given by 67 per cent of pollees, in 1954 by 79 per cent and last year by 73 per cent.

— —

NEGATIVE REPLIES in 1953 amounted to 20 per cent, in 1954 to 18 per cent and last year to 22 per cent.

This series of polls thus seems to establish that the chancellor enjoys the steady favor of the voters even more than most popular American presidents.

If the chancellor is slipping, this fact apparently has not communicated itself to the voters

Furthermore, the chancellor himself has ordered a series of private Gallup polls which substantiates those taken by the Allensbach institute and Emnid.

It is on the basis of these polls that the chancellor is predicting his Christian Democrats will win another landslide election in 1957.

The chancellor's closest associates say the polling results are responsible for Adenauer's determination to continue in office as long as his strength permits

There is as yet, contrary to prolonged speculation, only remote possibility that Adenauer will step down voluntarily, as did Churchill

Adenauer believes — on the subject of his "waning" prestige — that it is a simple case of everybody being out of step but the chancellor and the voters.

Tourists spent 412 million dollars in Texas in 1955 — more than any Texas industry except cotton.

13-Year-Old Boy Is Top Mechanic

ORANGE, Va (AP) — Harrison Simms' interest in mechanics started early. He removed the screws from his high chair and crashed to the floor in a splattering of baby food

Simms interest hasn't faded. At 13 he is considered a science prodigy He is in demand to get tractors started He fixes electrical equipment for neighbors He electrocutes rats in the barn. Everything on the Simms farm runs at a well-oiled peak of efficiency. On a recent visit to the Mariners Museum at Newport News his parents missed him—they found him examining an electronic door to find out how it worked He is building the "Simmsyclemobile,"—two bicycles powered by a motor mounted between them

His ambition is the Air Force, where he can learn about radar, and then a career in electronics.

Nosebleed Is Difficult Problem, Experts Claim

DENVER (INS) — If you suffer from epistaxis take the advice of the Colorado State Medical Society that it can be a serious matter and a difficult medical problem

Epistaxis is the gold-plated word for nosebleed

The doctors say an occasional nose bleed, particularly in high altitudes, is nothing to get excited about

However, if the nose bleeds frequently or is difficult to stop, the advice is to consult the family physician

Nosebleeds can best be halted by merely making a plug of clean absorbent cotton and filling the lower inch of the nostril that is bleeding—then press or pinch the soft part of the nose against the cotton steadily until the bleeding stops

It is advised to leave the cotton plug in place for 12 hours The treatment will stop about 90 per cent of all nosebleeds.

Practical Politics Defeat Bill

Democratic Maneuvers On Senate Floor Hit Ike

WASHINGTON (NANA)—Senate Democrats administered a major defeat to President Eisenhower last week by a barrage of questions

The questions were all the same "Mr President, how am I recorded?"

The questions had nothing to do with the merits of the matter before the Senate, the pubhc housing bill But they spelled defeat for the administration's version of the legislation and provided a classic example of practical politics that few civics books mention.

The "floor operation" pointed up the importance of procedure and "prescience" in shaping our laws, particularly when party lines are as close as they are in Congress these days

Now in the Senate are 48 Democrats and 47 Republicans (No successor has been named as yet to fill the vacancy left by the death of Sen Alben Barkley (D Ky.,) Voting with the Republicans on the housing bill amendments were two Democrats, Sens Harry F Byrd and A Willis Robertson, both of Virginia Voting with the Democrats was Sen William Langer (R , N D) If all members had been present and voting the result theoretically would have been a tie, which Vice President Nixon, sitting in the chair, could have resolved in favor of the administration.

— —

BUT A FULL house is hard to get By the time the clerk had been through the roll on the first amendment—a test vote that set the lines for all votes to come—the count, unofficially, was 39 for the amenedment and 38 against

Before the vote was announced, the questions started

Each of 18 Democrats who had just voted jumped to his feet in turn and asked the presiding officer how he had been recorded in the balloting

Sen William Knowland (R , Calif), the Republican leader who knows this tactic well, demanded the "regular order " which would have meant an announcement of the vote and passage of the Republican amendment

Up jumped the Democratic leader, Sen Lyndon Johnson (D , Tex)

"Mr President, I hope the senator from California will not insist on the regular order We have a distinguished colleague who is now in the radio gallery, who desires to vote He is on the way to the chamber "

— —

THAT WAS AN understatement. There were three Democratic colleagues who were on their way, and one Republican Democratic Sens Walter George (Ga), John Stennis (Miss) Joseph O'Mahoney (Wyo) and Republican Arthur Watkins (Utah) marched in and cast their votes That made the count 41 to 40 in favor of the Democrats The shoe was now on the other foot Said Sen Knowland

"Of course, if any senator on the other side of the aisle does not know how he has been recorded on the vote, I shall be glad to have him make inquiry in that regard Mr President, how am I recorded?"

Six Republican senators requested the same information as the Republicans made their bid for time

With victory in their hands, the Democrats then asked for the "regular order "

As the Republican aides made a desperate effort to find another Republican, the GOP senators tried a new delaying tactic, "parliamentary inquiry

Sen John J Williams (R , Del) asked, "what is the regular order?"

The vice president told him the next step would be the announcement of the vote

— —

SEN. GORDON ALLOT came through with another one

"What was the reply of the chair to the inquiry by the senator from Delaware (Williams)?"

Finally, the Republicans gave up The amendment was defeated 41-40 Not voting were 14 senators eight Republicans and six Democrats

Assured that he could produce 41 votes Sen Johnson then asked for a speed-up on the remaining roll calls on the bill He noted that the White House correspondents association was holding its dinner for the President that night and that many senators planned to attend

"If we are to have delaying tactics and quorum calls, and things of that nature, it is possible that we will be here very late this evening "

That did it No lawmaker likes to miss such an important function in social-conscious Washington

The Democratic housing bill finally was passed on a voice vote

BRUSSELS SPROUT Alan Pierce, who at the age of 2½ speaks three languages, is shown after he arrived in New York from Brussels, Belgium, en route to his future home in Texas Son of an electronic engineer, Alan gives French German and English versions of his gratitude to lensmen who took the picture

FISH SIGNAL

PALM BEACH Fla (INS)—Vacationists at Palm Beach don't have to waste a lot of time looking for fish Hotelman Maurice B Frank has equipped his yacht, Seabreeze with an electronic device which flashes a signal when the boat is directly over a school of fish He placed the yacht at the disposal of his guests They can now relax while they cruise over the blue Florida waters, confident that when their rods and reels are cast overboard, the fish will be plentiful

Talking Books Planned For Europe's Blinded

PARIS (INS) — Representatives of 15 nations have met in Paris to plan a coordinated program of talking-book production for the European blind

The American Foundation for Overseas Blind acted to bring talking books to nations lacking such facilities and to expand the operations where they had a small scale development

Attending the conference were delegats from Austria, Belgium Denmark Finland France Germany, Greece, Holland, Israel, Italy Norway Spain Sweden, Switzerland and Turkey

Talking books, recording literature on tapes or discs, enable blind persons to "read" by listening The conference was led by AFOB Executive Director M Robert Barnett Field Director Eric T Boulter and Europe-Middle East Director F Abbott Ingalls

Young Bride Needs Many Special Skills

Engineering Studies Would Be Help for American Housewife

SAN FRANCISCO (INS)—Grandmother's advice to brides never included the information the successful homemaker of today needs at her fingertips.

The homemaker might even find a course in engineering useful in rounding out her education.

Washing, for instance, requires a knowledge of all sorts of things, not the least being the proper temperature for the proper fabrics.

John Wood, Pacific Zone manager for a water conditioners manufacturer, discussed temperatures at a National Home Laundry conference held in San Francisco. Speaking in general terms first he said:

"The best possible water for home laundering must be the proper temperature for the type of soil, fabric, and type of washing compound used."

He added that it was generally agreed that white cottons and linens should be washed at about 160 degrees if possible.

"This means," he said, "that the water heater temperature should be set at about 170 degrees in order to take care of the temperature drop between the heater and the washer.

Matter of Luck

"In the vast majority of the cases we will find that we will be very lucky to have washing temperatures this high and that they will be more generally about 140 degrees in the washer itself."

For most colored fabrics medium temperatures, about 130 degrees, are recommended while settings of about 95 to 105 degrees are recommended for silks, wools and some colored synthetic fabrics.

Wood pointed out that white synthetic fabrics, such as dacron, nylon, etc., are less prone to wrinkle or crease when washed at low temperatures.

"About 135 degrees temperature would be adequate, as long as the fabrics are not heavily soiled to start with," he continued.

"Another precedure which could be used to cope with the wrinkling problem would be to remove these fabrics from the washer before they are subjected to the water extraction methods employed for cottons and linens.

Hot Water Preferred

"There has been some discussion about the relative merits of cold water versus hot water washing of synthetic fibers. I believe we are agreed that, at the present time, warm or hot water methods are preferable considering the detergency rating of most cold water compounds."

On synthetic fibers, such as dacron, pretreatment of collars, cuffs and heavily soiled spots with a cool soap or syndet (detergent) solution should be used as is now done with cottons.

Rinse water should generally be about 100 degrees.

Grandmother would never have thought of equipping her laundry with thermometer.

Inexperienced Cook Can Prepare Ham Steak

The fine blend of seasonings makes this ham steak taste even better than it looks.

It makes an elegant main course yet is simple enough for even the inexperienced cook to prepare.

Boiled new potatoes topped with chopped parsley combine with the ham to create a hearty meal.

1½ pounds ham steak
1 tablespoon fat
1 tablespoon cornstarch
¼ cup brown sugar
1-16 teaspoon ground cloves
1 cup cherry juice and water
1 cup drained pitted red sour cherries, fresh, frozen or canned

Have meat dealer cut a slice of ham about 1 inch thick. Melt fat in frying pan and brown ham on both sides over moderate heat. Meanwhile commbine cornstarch, brown sugar and cloves. Add water to cherry juice to make 1 cup, then stir into cornstarch mixture Bring to boil, stirring constantly. Add cherries. Place browned ham in shallow baking dish, or on heatproof serving platter. Pour sauce over ham. Bake in moderate oven 350 degrees F., until ham is tender, about 1 hour. Serve immediately, cut in crosswise slices. Makes 4 servings.

GI's Missing Money Found in Family Fund

WACO, Tex. (AP)—A Fort Hood soldier complained to officers that $500 had been taken from him while he slept.

Investigators recovered $100 from one woman, then began looking for a second woman seen with the soldier.

Several days later the GI sheepishly reported the second woman was his wife who had taken the other $400 for safekeeping and returned to the couple's home in Fort Worth.

Theater Group Offered Regrets by Rainmaker

OKLAHOMA CITY (AP) — Dr. Irving P. Krick, Denver cloud-seeder, sent his regrets and said he couldn't be guest of honor of a little theater group here. The Mayde Mack Mummers, opened in a play called "The Rainmaker."

They sent Krick a special invitation and offered him the umbrella concession free.

Horse Equipment Sales Booming, Dealer Says

WAUKESHA, Wis. (AP) — William Landsberg's place of business, like the three busy highways that intersect in front of it, is humming these days. But it's tuned to a far slower kind of traffic.

Landsberg is a horse equipment dealer, and his trade is better than ever.

"Before automobiles," he says, "only the wealthy could afford horses for pleasure Today the working man and his children have taken up riding and the harness business is becoming more popular."

He opened his store in 1926, to give the right atmosphere he bought up scores of old carriages from wealthy families and still has many of them scattered around the grounds. He has in his possession a horse-drawn station wagon built 75 years ago, a chuck wagon, a western coach, top buggies, sleighs, racing carts, cutters, assorted carriages and a collection of 300 horse bits.

"The horse," Landsberg says, "is here to stay."

MURDER ON TV

LONDON (INS) — The British Broadcasting Company was swamped with calls from TV viewers who said they had seen a girl murdered on their screens. The BBC hastily explained that the magician with the realistic act had not sawed the girl in half, it just looked that way.

Restaurateurs On European Cook's Tour

INDIANAPOLIS (INS) — There may be less steak and french fries and fried chicken and more exotic dishes in restaurants of the Midwest.

Some 40 restaurant owners of the Midwest will fly to Europe to learn in 23 days about the elaborate cuisine of famous chefs.

They will be under auspices of the Indiana Restaurant Association, but many restaurateurs from other states will go along.

They will pay $1,658 each and the tour will take them to the finest cooking schools, wine cellars and restaurants in France, Italy, Germany, Austria, Switzerland, and even Monaco, where they may even catch a glimpse of gorgeous Grace Kelly.

Norman E. Bess, executive vice president of the Indiana Restaurant Association said:

"The Midwest is a meat and potato region. Many, many efforts have been made to try to influence public eating habits, but they have been unsuccessful. We certainly hope this tour will awaken an interest in the palates and the imaginations of diners-out to the extent that they will want to try something besides meat and potatoes."

Bess added that food preparation, seasoning technique and display will be studied especially, saying:

"Europeans have been known for centuries for their ability to display food in an appetizing and appealing manner."

The Americans will visit wine cellars in France and Germany, chocolate and cheese makers in Switzerland, the famed Alfredo's Restaurant in Rome and the Vienna Trade School.

Bess said:

"They will see the European approach to the very difficult problem of training personnel. In Europe, you start out doing things unrelated to food altogether and gradually work up until you thoroughly know everything in the back of the house, the kitchen and food preparing areas."

Perhaps the voyaging restaurant owners may make their home cities rivals to New York, San Francisco and New Orelans when they return.

Duty-Free Store Set Up in Ireland

COBH (INS) — Americans returning home from Europe by ship will now be able to purchase the best Irish goods at a "duty free" store in Cobh.

The new store is similar to that at Shannon Airport where trans-Atlantic passengers can buy the best Connemara and Donegal tweeds, pottery, linen, rosary beads, blackthorns and brooches and other goods free of any taxes.

Many Americans will in future be able to take home a sourvenir of Ireland even though they may only be on liners making a brief call at the port.

Decision to open the store was made following the success of the first duty-free store at Shannon airport where Irish whisky is one of the best sellers.

Russians To Offer Aid To Indonesian Republic

VIENNA (NANA) — Several offers of aid will be made to Indonesian president, Sukarno when he visits Moscow next month, a Soviet source here has disclosed

The source said Russia will offer to build up an atomic research institute in Djakarta for "peaceful" research. Also listed for a Soviet offer will be its readiness to supply a 2,000-kilowatt atomic reactor and to aid Indonesian scientists.

Russia also will offer to build a technological institute in Djakarta to train Indonesians.

Canada's province of Ontario contains 412,582 square miles.

Famous 'Nenana' Up for Sale

Diesels End Alaskan Riverboat Era

NENANA, Alaska (NANA) — The era of the riverboat in Alaska has ended

Evidence of the end is the riverboat "Nenana," which is on the auction block here where she has tied up for 25 years between seasonal runs on interior waterways

The age of diesels spelled finish to the riverboat fleet of which the "Nenana" is a symbol

General Services Administration is in charge of selling the old boat First response brought four bids, rejected as "too low" They ranged from $17 79 to $5,101 and came from Scarsdale, N Y , San Francisco, Seattle and Fairbanks New bids are pending

One man wanted to take her away from Alaska A group of young women visualized her as a floating night club moored in the Chena River But the most fervent bid comes from Fairbanks city council which has asked Congress for direct acquisition

— —

FAIRBANKS WANTS the "Nenana" as a tourist attraction If it succeeds, it will possess an authentic bit of Alaskana as genuine as Soapy Smith's bar in Skagway or Baranof's castle in Sitka

Further, Fairbanks is willing to pay the $35 000 estimated cost of moving the river steamer from its present mooring

Whoever acquires the "Nenana" will have an historic hull Riverboats have been linked with Alaska since gold rush days, linked with the trails over which thousands of gold - fevered persons struggled toward rich diggings Sternwheelers were often the transport for the Cheechako and his get-rich-quick-kit

These boats nudged the shores of the Yukon, the Kuskokwim and the Tanana, as prospectors and adventurers came from the Klondike, surged on to the Bering Sea

— —

MOST OF THE riverboats were owned by private navigation companies which established themselves up north to take advantage of the Alaska rush

But the "Nenana" was not built for the gold rush nor private enterprise It had millions of owners — all of America's citizens, by virtue of being a part of the freight department of the government-owned Alaska railroad

In recent years the fleet consisted of two sturdy sternwheelers, the "Alice" and the 'Nenana" The "Alice," purchased by the railroad, was an Alaskan oldtimer, dating back to the early 1900's.

Between break-up and freeze-up, the "Alice" and the "Nenana" maintained regular schedules. The "Nenana" traveled from Nenana down the Tanana to the Yukon and down river to Marshall, a trip of 774 miles The "Alice" made the 530 mile round trip up river to Fort Yukon, when shipping demands dictated

On the last trip of the "Nenana," sentimental Alaskans bought all available space and participated in little village gatherings at Ruby, Kaltag, Nulato and other ports in a gesture of farewell

The "Nenana," largest riverboat ever built in Alaska, is 238 feet over all, with 210-foot hull and 42-foot beam Equipped with a stern wheel and horizontal steam engines, it is a little over 1,000 tons

In the winter of 1952-1953 the boat was completely reconditioned at a cost of a little over $164 00 It has made one trial run since then

It would certainly be a bargain for the man who bid $17 79

SYMBOL OF AN ERA 'SPEAKS.' A stone lion at foot of Nelson's Column in London's Trafalger Square appears to use battery of loud speakers set up for a public meeting. Ironically, the meeting at the symbol of empire was held by a movement in behalf of Cyprus

Police Help Dinner

BORGER, Tex (AP) — A group of Future Farmers of America got help from the police department for a feast of roast pig Police officers chased the little porker through a residential district before capturing it When nobody claimed it plans were made for a big dinner.

SECRET

DENISON, Tex. (UP) — A lake hid a theft for several months, then dislosed it A 1951 Cadillac sedan, stolen at Lewisville, Tex , last August has been pulled from Lake Texoma, near here The missing car was discovered when the lake level reached a low point.
